

Hazelwood School

# THE NUTSHELL

Celebrating recent highlights at Hazelwood

12TH DECEMBER 2025

Dear Parents,

Everything we do in the early years of our children, every routine and boundary and moment of encouragement, gently lays the groundwork for this future chapter of parenting, where our children step forward with growing independence and we step back with growing confidence.

So why did no one tell me...

...that having young adult children would feel like this?

Rewarding. Challenging. Utterly terrifying at times. Confusing. Lonely. Not lonely. The late nights start all over again... but now for entirely different reasons. Yet through the laughter, worry, curiosity, and constant "Where are you now?" messages, we share something beautiful, a new chapter of family life where they grow, and we grow with them.

You find yourself juggling a brand new role, being the parent who knows they are now adults, while also being permanently on standby, just in case they quietly need you to slip back into full mother mode. And then, just as quickly, knowing when to step away again before becoming a nuisance in the most wonderful, exciting phase of their lives.

With brains still busy finishing their development, we get a front row seat to watch them learn, explore, stumble, and truly find their way, and we learn, explore, and stumble right along with them.

We laugh. We worry. We cry. We celebrate.

And somehow, together, we discover this fantastically scary, wonderfully exhilarating balancing act of parenting young adults, a relationship constantly shifting, stretching, and growing, just as they are.

No one tells you how brilliant their company becomes, and that while you are not their friend, they offer you a whole new perspective on a rapidly changing world. It is something to embrace, and to listen to.

And perhaps the most reassuring thought of all is this: every small moment we pour into them when they are little becomes part of the steady foundation that allows us, one day, to step back with trust as they step forward with courage.

Best wishes,  
Lindie

SPOTLIGHT 2025

## Tabitha, Clara & Charlotte - Year 6

*Student  
Spotlight*

Tabitha, Clara and Charlotte in Year 6 ran a stall at the Christmas Fair as part of their Earth Club project (something they started last year by way of raising money for wildlife and environmental charities by making produce to sell using home grown produce and reusable items).

This year they sold homemade chutney, locally produced honey and quince jelly; lavender bags; pottery made by Mrs Sweeting; reindeer food; dog treat stockings; mini bobble hats with chocolate treats, and handmade jewellery.

They are already planning next year's stall based on what sold well this year!

**Well done girls!**

Hazelwood School

*Staff  
Spotlight*

**Miss Tuckett**

**Year 2 Form Tutor**

### WHAT DO YOU LOVE MOST ABOUT YOUR JOB?

When I graduated from university and entered into the working world, I knew I wanted a job where I was helping others. I absolutely love working with the children and knowing that every day is going to be different from the day before. It is an incredible privilege that my work allows me to help children take another step forward into becoming who they are going to be, knowing I have been apart of that process through creativity, discussion and always a few giggles.

### WHAT MOTIVATES YOU?

The 'magic moments'. These come in so many different forms and can be seen often. Whilst early on in my teaching career, I have happily witnessed a wide range of children's 'magic moments' whether it be the light bulb experience of understanding a subject in a different way, experiencing the success where their hard work and practice has paid off or those moments of bravery where a child gives something a go without fear and full confidence that they will be supported. These 'magic moments' continue to motivate me and inspire me to look for my own 'magic moments', as I would implore us all to.

### HOW DO YOU MAKE A DIFFERENCE TO CHILDREN'S LIVES?

I always try to create a happy, safe and creative environment where the children feel confident and comfortable to be themselves. It is incredibly important to me that all children feel their uniqueness is celebrated and that they are encouraged to feel comfortable in their sense of self.

### WHAT ARE YOU LOOKING FORWARD TO THIS YEAR?

With Christmas fast approaching, I am really looking forward to going home to my family and enjoying the festive period with them. I wish the whole Hazelwood community a very merry Christmas!

## Primary Maths Challenge

The Primary Maths Challenge Certificates were awarded recently.

The Challenge is aimed at Year 6 pupils, but we also invite some pupils from Year 3, 4 and 5 to participate.

With almost 60 000 primary children taking on this challenge each year, we are proud to recognise the problem-solving talents of so many of our pupils. Well done everyone!

**Gold** - Max C, Fyfe H, Will H, William S, Daniel H & Georgia T.

**Silver** - Barney W, Eloise S, Everett S, Siddharth R, Mikhail P, Alex P, Amelia P, William L-J, Yuv K, Clara J, Frederick J, Edward J, Thomas J-T, Lana H & Etienne D.

**Bronze** - Arthur P, Bethany K, Charlotte S, Emily P, Ethan D, Evan McS, George S, George P, Harper D, Harry J, John C, Josh T, Kamila S, Kian A-E, Maximilian B, Noah V, Olivia S, Penelope K, Philippa T, Ralph L, Rose S, Rupert F, Sienna C, Thomas P, Thomas N & Thomas H.

## The Hub Holiday Provision - have your say!

We'd appreciate your feedback on our holiday provision and any suggestions to enhance this offering in our short [parent survey](#).

Your input will help us create an even better experience for your children.

## Thank you for your Christmas hamper donations!

A huge thank you to everyone who donated to our Christmas hamper appeal.

Edenbridge Primary School have thanked us for all the donations and were able to distribute some wonderful hampers for their families to enjoy over the festive period.

A message from their Deputy Head Teacher, Katie Day: *'You will see food hampers that we were able to create with your generous donations. Thank you so very much for your ongoing support. Have a wonderful Christmas!'*

## Christmas Writing Challenge

We have so many wishes for ourselves at Christmas! From new toys, to the latest gadgets, to trips to the theatre or pantomime.

But we live in a needy world. Our Christmas writing challenge is to think about a wish for the world. What do we wish, and what would the world look like if that wish came true?

### My Wish for the World

In your writing, you should explain what your wish for the world is. Then describe the wonderful things that would happen if your wish came true.

Try to use adjectives and positive words to show what would happen. Similes and metaphors help the reader to understand your imagination. When someone reads your work, you want them to feel inspired, excited and warm inside.

You could write this as a poem, or a short story. Feel free to handwrite or type your work, and illustrate it too.

Please bring your writing back to school after the Christmas holidays. You should hand it in to your English teacher, or email it directly to Mrs Clark: [clarkf@hazelwoodschool.com](mailto:clarkf@hazelwoodschool.com)

## Christmas Fundraiser - Sal's Shoes Charity

4.3 million children in the UK live in poverty. Shoes are essential and expensive, creating impossible choices for struggling families.

In the past 12 months, Sal's Shoes has sent out 500,000+ pairs to children in need through their UK-wide network, including 90,000+ pairs of new school shoes. 81% of families receiving our shoes say they would otherwise have had to cut back on food to afford footwear.

If you're able to contribute to this worthy charity, donations can be made [here](#).

## Parkinson's Fundraising

Our Director of Music, Megan Haydock, is raising money for Parkinson's UK – a charity that has recently become very important to her.

*"I first started noticing symptoms last October, and things gradually progressed over the year. By the summer holidays it all came to a head, and after many appointments and tests, I was diagnosed with young-onset Parkinson's at the age of 34. It wasn't something I ever expected to hear, but having a clear diagnosis did bring a sense of relief – at least I knew what I was dealing with and could start planning the best way forward."*

*Parkinson's UK has been a huge help. When you're first diagnosed, the internet is an overwhelming place, and they provided reliable information, practical advice, and opportunities to connect with others in similar situations.*

*One thing that gives me a lot of hope is the pace of research at the moment. Parkinson's UK is funding work into new treatments, including the UK's largest ever Parkinson's trial looking at medicines that might slow the condition down – not just manage symptoms. They're also investing in innovative approaches through their Virtual Biotech programme, exploring therapies that protect brain cells or help them work better. It's encouraging to know that progress is happening all the time."*

Thank you to all of you who have donated - over £1000 has been raised already!

If you would like to show your support for Mrs Haydock by donating to this fantastic charity, please visit her [Just Giving](#) page. We'll keep you updated with further details of fundraising events in the future.

## Christmas Concert

We enjoyed welcoming the Hazelwood community together on Tuesday evening for the annual Christmas Concert.

It was a wonderful festive evening of music and celebration. Performers showcased their hard work with cheerful carols, lively instrumentals, and heartfelt solos.

Well done to all of our performers!

Hazelwood School

# Nursery

## Blossom

Blossom have had so much fun doing lots of Christmas activities. They have been very busy getting all the Christmas bits ready for their parents. The children have been very creative making their own paper plate reindeer, decorating a Christmas tree with different tissue paper. They have also been decorating the class Christmas tree with baubles and exploring a Christmas sensory box play. In the messy tray we have been exploring snow dough, making marks in flour, making their own reindeer food and exploring the Christmas spaghetti tree.

We have also had our singalong concert which they all did a fantastic job and also joined in with some actions. The children have been unwrapping toys and looking at big and small snowmen. Also we have enjoyed finding ice in the garden and building in the sandpit. Blossom have enjoyed moving their bodies to different Christmas music.

## Maple

Maple have enjoyed a delightful few weeks. Last week, we focused on a winter theme, engaging the children in various activities like creating their own snowmen and exploring our messy melted snowman tray. This week, we have shifted our attention to the theme of Christmas, as we prepare to celebrate towards the end of term. The children have been busy creating Christmas crafts and decorations, as well as singing nursery rhymes from our production!

## Willow

Over the last couple of weeks in Willow, we have been getting into the festive spirit by decorating our Christmas tree together and creating Christmas crafts. The children enjoyed a story of The Gingerbread Man at carpet time. We have made our own gingerbread men and gingerbread houses by collaging using tissue paper. The children enjoyed gluing and sticking to create their own penguins. They have had lots of fun marble painting star baubles and creating Christmas tree sun catchers. We have been practising our counting up to 10 with Christmas puddings. The children have been busy in the hall using their climbing and balancing skills on the nursery soft play equipment.

## Elm

This week in Elm, we have continued our Christmas theme. We have lots of different items in our tuff tray, from shredded paper to our Elf being stuck in the ice! The children had a wonderful time getting him out using toy hammers. We have also had sensory water that contained cinnamon, peppermint, ginger, and a sprinkle of nutmeg. We have been finishing our Christmas crafts that are going home, and we made shortbread stars which the children decorated with bright yellow icing.

Last week, we had a very busy week! We had our Christmas concert, which the children performed brilliantly, and we were very proud of them. Thank you to all the parents for coming and to Mrs Fryer for all her hard work this term in teaching us and the children the songs and the actions.

Next week, our theme will be Christmas celebrations as we start to wind down for the Christmas holidays. 🌟🎅🎄🎅

## Birch

What a very festive few weeks the children in Birch have had, they have been extremely busy with all of the Christmas crafts! They have started off by making their own cards and using their pencil control skills to write out their name, they made their cards by using a fork dipped in paint to create a tree like effect! They have also been using stamps and play dough cutters to decorate their Christmas bags; the children also made yummy hot chocolate cones and reindeer food and have also decorated their own biscuits too! On top of all of their hard work, the children have done a tremendous job in performing in their Christmas concert! They sang along and repeated all of the actions to the songs they have been practising with Mrs Fryer. The children have also enjoyed exploring a range of different textures in the messy tray, they explored fake snow with the woodland animals and have been using winter and Christmas themed play dough cutters with shaving foam to make a variety of shapes too. Birch have also been practising their cutting skills by cutting out Father Christmas' beard and have also been drawing along the dotted lines to join the reindeer to Santa's sleigh!

## Hazel

Over the past couple of weeks, the Hazel children have been joyfully exploring a range of Christmas-themed activities. We kicked off by crafting a seasonal tree calendar adorned with vibrant leaves. To enhance their understanding, we shared a book about the seasons and chatted about the changes in leaves and the clothing we wear throughout the year. The children creatively used pictures to make decorations and engaged in mark making to design their own Christmas cards. It was lovely to watch as they snipped paper to fashion unique snowflakes and demonstrated impressive pencil control while working on dot-to-dot drawings. This week, the children truly shone during their concert, sitting beautifully and expressing confidence through their actions and singing. They also had a great time using various materials to create their own Christmas trees. It's wonderful to see their creativity flourish!

## Pine

Ho!Ho!Ho! The Pine class has been a veritable hive of Christmas activity these past few weeks! The children have all been extremely busy completing their Christmas crafts to take home, honing their fine motor skills as they painted, sprinkled, glued, threaded and assembled a variety of different materials to achieve their desired end result. There has been some fantastic role-play in 'Santa's Workshop', complete with festive dressing up clothes, presents, tool bench and stockings! We have posted letters to Santa in our post box and re-enacted the story of Christmas at our 'small-world' nativity table.

We have been practising hard to learn our repertoire of Christmas concert songs and are so excited to perform in front of our families on Friday! The Christmas dolls' house also sparked some marvellous 'pretend' play and we explored, with pipettes, how the diluted paints were absorbed into our cotton pad Christmas tree. We visited the 'Christmas Gift Shop' too, where the friendly elves helped us choose presents for our relatives and wrapped them up for us to take home.

Merry Christmas everyone and best wishes for 2026 from everyone in Forest Pine Class.

## Acorns

It's beginning to look a lot like Christmas in Acorn class! The children have been fully engaged in completing their Christmas crafts, ready to add them to their goody bag, including Christmas cards, calendars and tree decorations. Other festive continuous provision has included playing imaginatively with the arctic animals in the snow, creating scenarios with the 'small world' Christmas characters and listening to magical Christmas stories in the book corner. The children have experimented with different textures as they made puffy-painted snowmen and each day have distributed the class Christmas cards collected in our post box. We are looking forward to performing our Nativity Show this week and enjoying our delicious Christmas lunch next week! A wonderful highlight was a trip to the 'Gift Shop' where the children chose gifts for their relatives and watched as Santa's Little Helpers wrapped them up to take home.

Acorn class would like to wish everybody a very Merry Christmas and best wishes for the coming year!

Hazelwood School

# Reception

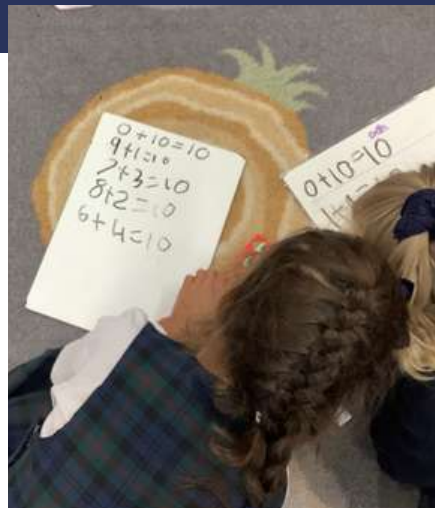

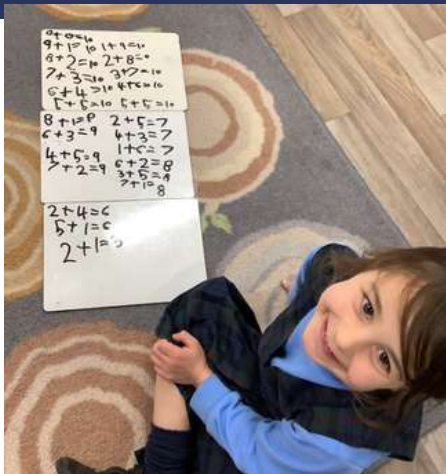

## Making Elves

Drawing around 2D shapes and folding paper in different ways, the children made these amazing elves!

## Maths

The children enjoyed using the Numicon to make elves and record their work as number sentences. They have also worked as a team and independently, exploring number bonds to 10.

## Nativity

Hazelwood School

# Reception

## Forest School

Class RE had a wonderful time at Forest School last week, enjoying the woodland area, climbing trees, peeling sticks using tools, and even having a fire!

## Making Snowmen

We have had lots of Christmas-themed activities for the children to enjoy. In one of these activities, they were tasked with creating their own snowmen using their individual play-dough pots and were encouraged to add details such as buttons, facial features, and hats.

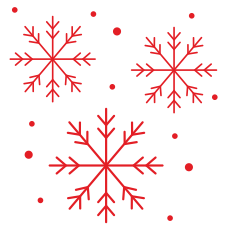

Hazelwood School

# Year 5

## GIVING PROJECT

As part of the Y5 Giving Project, we delivered some of our beautifully, hand crafted Button Boxes to Reception. The room was full of joy and kindness.

Well done Year 5 - Reception we look forward to seeing you soon.

## ENGLISH

Some of our Year 5 pupils were inspired by a poem about the moon, and wrote their own acrostic poem about our skies.

Annabelle T

Sparkling, dazzling, blinding all aliens.  
Throbbing and waving, twinkly stars.  
Astronauts floating, avoiding stars.  
Racing across the sky like animals.  
Shiny, shooting stars dashing about like rockets.

Zephyr W

The Earth spins at a million miles per hour,  
Blessed with all the sun's power.  
The grass grows,  
The water flows,  
As deep sea creatures doze.  
Clouds as fluffy as a pillow  
Creatures play, like armadilloes.  
Life is truly a gift.

Yusuf P

In the silence of space lurks a ravenous eater  
With great solar mass and density,  
Squishing and compressing.  
The smaller the black hole,  
The deadlier it gets.  
If our sun were to be measured,  
One solar mass per cubic metre would be the Himalayas.  
A gravastar is like a hollosphere of nothingness,  
Except the outer shell.  
Atoms are big compared to it,  
But don't underestimate the shell.  
Although it is thin, it is unbreakable.  
If the gravity catches you,  
It will tear you apart.

Maya O

Sun, oh sun  
You're so bright.  
You blind me by your light.  
But don't stop shining.  
Never do that! Keep on  
Embracing me with your warmth.  
You bring joy to every heart  
On the planet,  
Making every soul feel they  
Belong.  
Even when you're not visible,  
I know you're there.

Beatrice B

Stars shine in the aurora sky.  
Dazzling bright, so many light the sky,  
Flooded with glitter.  
When the earth is dark,  
They bring a little light.  
Galaxies and the stars beyond are  
true  
magic.

Hazelwood School

# Year 6

## Natural History Museum Trip

## Maths

Year 6 applied their understanding of angle rules to review a poster generated by ChatGPT. They found and corrected numerous errors, whilst also considering the benefits or concerns of harnessing AI.

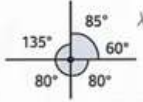

**ANGLE RULES**  
Year 6

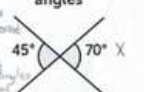

The information below was generated by AI when asked to prepare a poster showing angle rules.

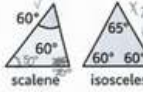

- Review the poster for accuracy, commenting and correcting where required.
- Consider your answers to 1) and give your write comments on the benefits or concerns about harnessing AI in maths.

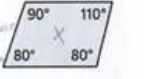

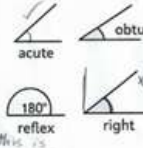

1. Angles on a straight line  

 120° 60°

2. Angles around a point  

 135° 85° 60° 80°

3. Vertically opposite angles  

 45° 70°

4. Angles in triangles  

 60° 60° 60°

5. Angles in quadrilaterals  

 90° 110° 80° 80°

6. Names of angles  

 acute obtuse reflex right

Everett S

What do you think are the benefits or any concerns of harnessing AI?

Benefits:

- If you give it an instruction or command it will complete it.
- It can teach you anything, such as angles.

Concerns:

- It can make mistakes like on 6.
- It can teach you false information.

Yuv K

6. The angles were wrong these ones are correct

acute obtuse right reflex

What do you think are the benefits or any concerns of harnessing AI?

AI is not always accurate but if trained properly it can be useful

Fyfe H

What do you think are the benefits or any concerns of harnessing AI?

I don't think we should use AI in school because it can be very incorrect and we should learn and yearn to use more reliable resources.

Clara J

What do you think are the benefits or any concerns of harnessing AI?

It is a quick and easy way to help you do things but it can sometimes be wrong and we just assume it is always correct.

Eddie J

Hazelwood School

# Year 7

## DT

Year 7 have been working with recycled thermo plastics, forming and shaping the material using a process called press forming. They made their own mould out of mdf and used coping saws to cut their designed shapes. They worked safely using high tech equipment such as the line bender and high temperatures to melt the recycled plastic. Their final outcome was a handheld recycled plastic maze game. Well done year 7 for the excellent quality work.

## MATHS

Year 7 sketched and priced products to sell to each other to support their calculations for percentage change.

Hazelwood School

# Year 7

## SECRET SANTA

Hazelwood School

# Year 8

## CAREERS FAIR AT OXTED SCHOOL

Our Year 8 pupils were invited by Oxted School to attend their Careers Fair last week.

They chatted to employers about a range of careers, from the army and police to engineering and law.

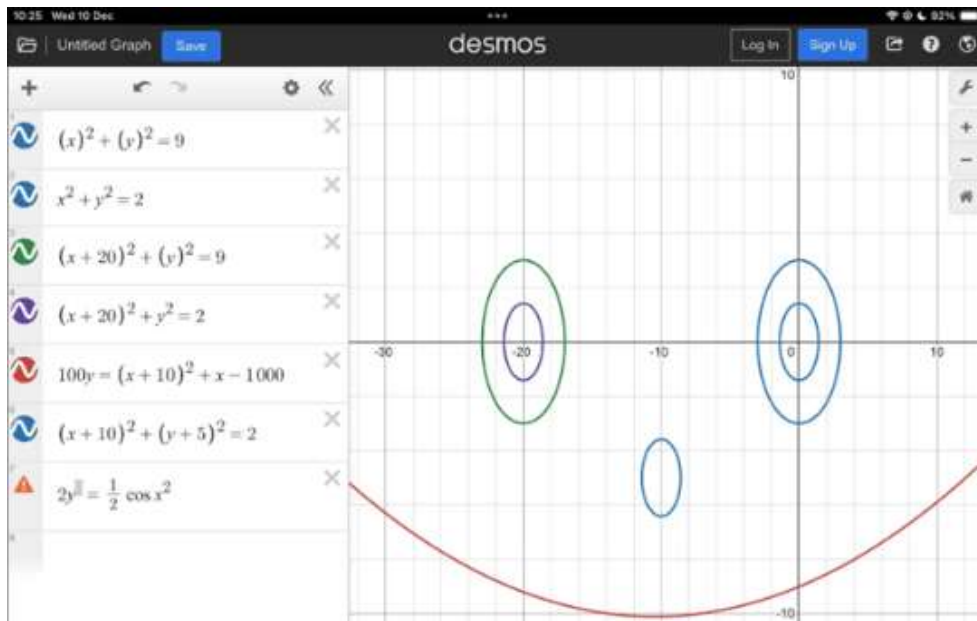

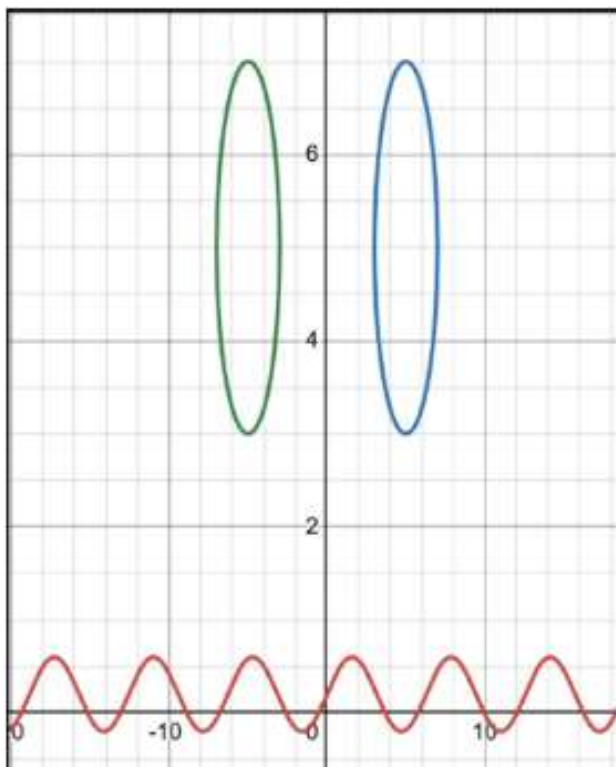

## MATHS

Year 8 pupils have been exploring graphs beyond the curriculum.

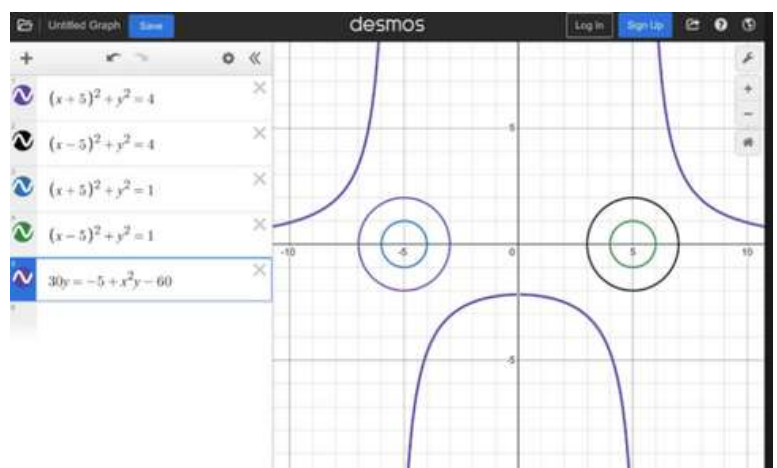

Whilst some were rehearsing for carols and concerts, others were extending their graphing studies by experimenting with quadratic, trigonometric and circles equations. By making amendments to the coefficients and squared properties, they discovered how to adjust the shape and location of graphs... to make pictures 😊

Ran J

Sam B

## Autumn Sports Awards

This week we celebrated our Autumn Sports Awards, recognising the exceptional commitment, talent, and teamwork shown by our pupils.

### Girls Hockey

Led by Sports Captain Flo M, girls hockey enjoyed an outstanding term. Participation and Perseverance awards were presented across Years 4–8, with notable recognition for our U11 UKSA squad. Colours for consistently exceptional performance were awarded to players across the Junior, Middle and Senior phases, with special congratulations to Flo for achieving Senior Full Colours. Interhouse hockey was fiercely competitive, with Parry House emerging as overall winners.

### Boys Football

Sports Captain Jack M delivered a strong review of a highly successful term. Representation awards reflected excellent levels of participation, with several boys achieving remarkable appearance records. We also acknowledged our IAPS footballers from both the U11 and U13 squads. Colours were awarded for exceptional performance, and Baily House topped the football Interhouse standings with a dominant set of results.

### Swimming

Swimming continues to be one of the school's strongest sporting pillars, supported this year by our outstanding Swimming Captains: Campbell C and Skye I, who have led by example in training and competition.

We were delighted to celebrate a number of new school swimming records, with pupils excelling across freestyle, breaststroke, butterfly and backstroke events. A special mention goes to our dedicated swimmers who continue to brave the early morning sessions proving that it takes a special kind of courage to leap into cold water before the rest of the school is even awake!

### Gymnastics

Our gymnasts were recognised for their achievements in the Surrey Schools competitions, including U9 and U11 tumbling, floor and vault events. Their hard work, precision and determination shone through, earning certificates for a very successful term.

We concluded the afternoon with the announcement of our new captains for the upcoming seasons. Congratulations to:

- Netball Captain: Bea B-H
- Rugby Captain: Thomas L
- Hockey Captain: Flo M
- Football Captain: Jack M
- Swimming Captains: Campbell C & Skye I

# Sport

## Swim Squad Christmas Gala

## The Children's Book Project - Christmas Collection

A very big thank you to all the pupils and parents who have donated books for the 'Children's Book Project.' These books are now on their way to bringing a smile to the faces of those children who never get the opportunity to have access, buy or receive books.

We have been supporting this charity for the past 4 years and we collect twice a year with our next collection being in the summer term of 2026.

## Author Visit - 2<sup>nd</sup> December

On the 2<sup>nd</sup> December, Helen Peters, the author of the Jasmine Farm and Secret Hen House series visited our school. We had a wonderful, creative and inspiring time with her.

The pupils in Year 3 have since been writing their animal stories and creating a front cover (which is one of the squares on this year's Winter bingo reading challenge - copies below). Year 2 have also been designing front covers and I am looking forward to seeing some of these when they are completed. Reception and Year 1 sat beautifully and listened to Helen reading one of her stories about 'Olive the Otter' and asked some clever and wonderful questions after.

Years 3-5 were in an assembly with Helen and learnt all about her life growing up on her farm and hearing about why and how she writes her stories. It was a fabulous day ending with her signing books for those pupils that purchased a book which have now been given out.

## The Enchanted Forest

The movie is coming out in March 2026 - get ready for a brilliant film!

## DOG MAN - The musical

Love the Dog Man series then get tickets to the New DOG MAN MUSICAL between the 30th July and 16<sup>th</sup> August 2026 at the SOUTHBANK. Tickets are on sale now.

## The Bookmark Competition

The competition forms are now out and again loaded onto google classroom. Every pupil that takes part will be given house points or marbles and the winners will get their bookmarks produced so they can be used from March 2026. Good luck to everyone who enters.

## The Winter Reading Challenge

Please see attached the winter reading challenges which will be loaded onto Google Classroom too. There is also a Winter Bingo this year which when you complete a bingo square one colours in a bauble or a star on the tree. Please return all completed trees as well as the completed bingo when we come back in January. Squares also need to be signed off by a parent or guardian. There is a prize for every pupils that takes part in these challenges as well as house points and marbles.

## HAZELWOOD BOOKMARK COMPETITION 2026

Hazelwood School

### HAZELWOOD SCHOOL LIBRARY BOOKMARK COMPETITION 2026

You could be in with a chance to get your design of a bookmark published for everyone to use

Every entry earns 3 house points.  
Winning bookmarks will get 5 more house points and their bookmark produced for all to use!

All you must do is use this template and design a bookmark with a catchy library design or phrase and return it to the library by 12<sup>th</sup> Feb 2026.  
Your entry will then go to a board of judges who will agree the winning ones, which will then be made into bookmarks for **WORLD BOOK DAY** on the **5<sup>th</sup> March 2026**.

**GOOD LUCK!**

Please note that Bookmarks must be neatly drawn, painted, coloured, black and white or designed on a computer if they fit this template. Please **DO NOT** use highlighters or glitter!

RETURN BY 12<sup>th</sup> FEBRUARY 2026

**SMARTPHONE FREE CHILDHOOD**

## PARENT PACT

Want to wait to give your child a smartphone but don't want them to be the odd one out?

**You're not alone!** There's a growing movement of parents in Surrey (and across Britain) who are choosing to wait to give their children smartphones. The Parent Pact is a way to join together with other families at Hazelwood to agree to delay getting your child a smartphone until at least 14.

It's all about strength in numbers – if your child knows that other kids in their class won't be getting a smartphone for a few years either, the peer pressure dissolves. It takes 30 seconds to sign the Parent Pact – and you can see how many other parents at your school have signed have signed on the live leaderboards.
