Hazelwood School

THE LATEST NEWS AND UPDATES FROM HAZELWOOD

*Compassion. Courage. Respect.*

Dear Parents,

The site is bustling with excitement this afternoon, following the staff charity netball match during break time. It was such a brilliant event to support Children in Need! This, coupled with our support for Anti-Bullying Day on Tuesday has really helped us focus our minds on the importance of being people-centred.

Our Year 8 pupils have been sitting their mock Common Entrance exams in the core subjects this week. They have shown a superb attitude, approaching their exams with maturity and confidence, using our new Upper School Learning Centre to revise and work collaboratively to prepare for them.

We are proud of our Under 13 boys, who won their final football match of the season against Holmewood House. This completed their unbeaten record for Wednesday fixtures - well done boys for your determination and great teamwork! It is now the start of the rugby season and our Year 7 and 8 boys have been enjoying rugby club with our new Sports Consultant, Chris Robshaw. They have been working on tackle technique and ruck speed as they gear up for the season with great excitement.

We hosted our first chess tournament at Hazelwood this week! Our Years 5 – 8 Chess Team took on Solefield School and each player competed in at least two games, showcasing their strategic skills and fantastic sportsmanship. Congratulations to everyone who took part.

Looking ahead, please save the date for our very popular HPA Christmas Fair on Saturday, 30th November, from 12:00 pm to 3:00 pm. Anyone interested in booking a stall should contact Katrina Butler at [hazelwoodpaevents@gmail.com](mailto:hazelwoodpaevents@gmail.com). There will be a festive array of stalls and entertainment to enjoy, so please do join us.

Finally, we are very excited to be holding our whole school open morning next Friday 22nd November. It is always a proud occasion, sharing our wonderful school with prospective parents and giving them a glimpse into a typical school day. Please spread the word if you know of anyone who might be interested in attending.

With best wishes,

Lindie

# HPA

---

What a night! Hazelwood was alive with laughter and excitement on Tuesday 5th November for the annual fireworks display, run and organised by the HPA! The display was spectacular! We hope everyone who came along had a brilliant evening and also enjoyed the hot dogs, mulled wine, hot chocolate, and candy floss on offer! 😊

A huge thank you to the HPA for organising another incredible event and to each and every volunteer who made it all happen.

# INdustry INsights

---

## Introducing INdustry INsights: Preparing the Next Generation for Real-World Problem Solving.

We're excited to announce the launch of **INdustry INsights**, a brand-new programme at Hazelwood School designed to connect our Year 8 pupils with industry experts for hands-on learning. The goal of the programme is to keep pupils "IN the know" about different industries, whilst giving them insights into solving real-world challenges.

### What is INdustry INsights?

INdustry INsights is much more than a careers programme. It gives our pupils the chance to work on real problems faced by industry professionals and develop practical solutions. Working in small teams and guided by industry experts, they'll explore fields they're passionate about, using their creativity and problem-solving skills to make a real impact.

### Our Philosophy:

At Hazelwood, we believe in preparing pupils for the future by nurturing critical thinking, creativity, collaboration, and communication. INdustry INsights is all about helping pupils take ownership of their learning and apply their skills to real-world settings, all while exploring potential career paths. This isn't just an amazing opportunity for our pupils—it's also a fantastic way for industry experts to inspire and guide the next generation of thinkers and innovators.

### We Need Your Expertise!

We are inviting parents who work in various industries to mentor our pupils as industry experts. Your role would involve:

- **Pitching a real-world problem** for pupils to solve.
- **Offering mentorship and feedback** as they work through their solutions.
- **Providing feedback** during the prototype and pitch stages in June.

### Key Dates for Industry Experts:

- **2 May:** Pitch your real-world problem to the pupils.
- **16 May or 23 May:** Visit or call to discuss the group's progress and offer feedback.
- **20 June:** Help test their solutions and provide feedback during the final pitch presentations.

### Flexible Involvement:

We know your time is valuable, so we're flexible with how much time you can offer. The sessions run from **2-4:30 pm**, and you're welcome to join us for as much time as you can during that window—in person or online, whichever works best for you.

If you're interested in volunteering or want to know more, please email [trojanowskin@hazelwoodschool.com](mailto:trojanowskin@hazelwoodschool.com) to get involved.

Thank you for considering this opportunity to help shape the future of our pupils—we can't wait to see what they'll create with your guidance!

---

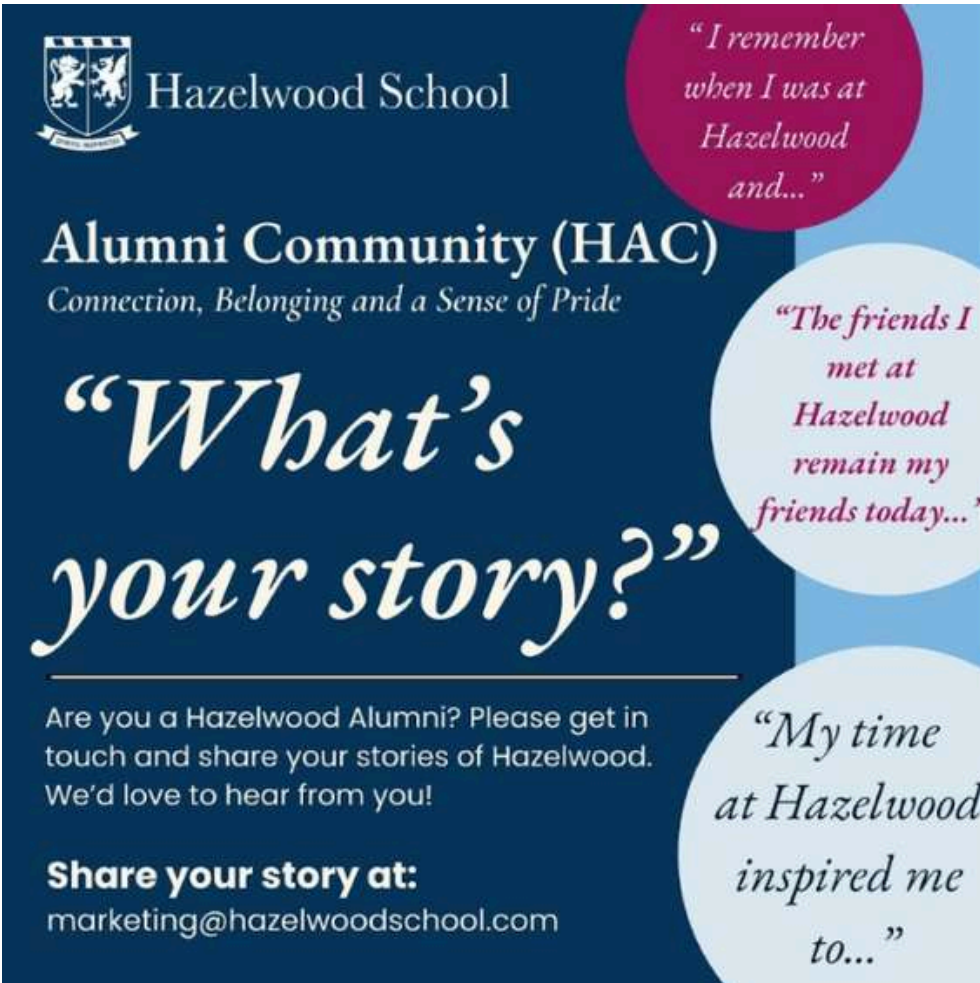

# Hazelwood Alumni Community

---

## What's your story?

What is your favourite memory? What did your time at Hazelwood mean to you? How did Hazelwood help shape you?

We'd love to hear your stories and memories and any photographs you might have of your time at Hazelwood.

The poster features the Hazelwood School crest and name at the top left. The main title 'Alumni Community (HAC)' is in a serif font, followed by the tagline 'Connection, Belonging and a Sense of Pride'. The central text 'What's your story?' is in a large, white, cursive font. To the right, three overlapping circles contain alumni testimonials. At the bottom left, there is a call to action and contact information.

 Hazelwood School

**Alumni Community (HAC)**  
*Connection, Belonging and a Sense of Pride*

***“What’s  
your story?”***

Are you a Hazelwood Alumni? Please get in touch and share your stories of Hazelwood. We'd love to hear from you!

**Share your story at:**  
marketing@hazelwoodschool.com

*“I remember when I was at Hazelwood and...”*

*“The friends I met at Hazelwood remain my friends today...”*

*“My time at Hazelwood inspired me to...”*

We are excited to announce the relaunch of the Hazelwood Alumni Community (HAC) programme, in celebration of our 135th anniversary this year. This milestone offers a wonderful opportunity to reconnect with former pupils and staff.

If you know anyone who would like to stay in touch with Hazelwood, please encourage them to sign up via the [Alumni Sign-Up](#) page on our website or by emailing marketing@hazelwoodschool.com.

# Student Spotlight

Yuv and Barney participated in the RBC Race For The Kids charity event organised by GOSH (Great Ormond Street Hospital Charity) in London's Hyde Park on Saturday 12 October 2024 to help beat childhood cancer. They both took part in the 5K race and raised funds to build the new Children's Cancer Center at GOSH.

The center is going to be a world-class facility with children at its heart. A place where children have access to play and education alongside pioneering treatments.

Well done boys!

The Student Spotlight aims to showcase the remarkable achievements of our pupils, both within and beyond Hazelwood.

Please nominate your child if they have accomplished something wonderful - we'd love to hear about it! Email: [marketing@hazelwoodschool.com](mailto:marketing@hazelwoodschool.com)

# Staff Spotlight

## WHAT DO YOU LOVE MOST ABOUT YOUR JOB?

I love that no two days are the same. I can walk into school with the best-laid plans, but I'm not sure any day has ever gone exactly as I expected! I also love that I'm lucky enough to work with pupils across the whole school - I might be sitting on the floor in the nursery, reading a story to a group of three-year-olds, and an hour later helping an upper school pupil revise for their exams.

## WHAT MOTIVATES YOU?

Early in my career, a parent gave me a copy of *The Starfish Story*. It's a short story about a person walking along a beach, throwing starfish that have been washed up back into the ocean. When a passerby asks why they're bothering, as they'll never be able to make a difference, the person returns a starfish to the ocean and replies, "Well, it made a difference to that one." I still have the copy I was given, framed in my classroom, and it motivates me every day to try to make a difference, no matter how small.

## HOW DO YOU MAKE A DIFFERENCE TO CHILDREN'S LIVES?

My goal is to make sure every pupil feels happy and confident in school, so they can fulfil their potential. This may involve helping an individual pupil develop strategies to overcome any barriers they face or supporting and sharing knowledge with staff to help them create the most inclusive environment possible for every pupil.

## WHAT ARE YOU LOOKING FORWARD TO THIS YEAR?

Christmas is my favourite time of the year, and I love being surrounded by all the festive cheer and excitement at school in the lead-up to it. Next year, I'm hoping to go away with some friends and take a break from my own children (love you really, boys!)

# NURSERY

## Wrens

The past few weeks the Wrens room have enjoyed doing activities based around Halloween and bonfire night. Wrens have enjoyed exploring frozen shaving foam ghosts and creating handprint spiders. We also have been carving pumpkins and exploring inside with different tools. They have been also making their own fireworks using forks and using teabags to splat paint to make a firework. We have also been creating salt and paint fireworks and edible sparklers.

# NURSERY

## Starlings

Starlings have been focusing on the book Room on the Broom over the last two weeks. They have enjoyed exploring Halloween themed messy play, creating broomsticks using pipe cleaners, making salt dough wands and exploring various scented playdoughs. What a busy two weeks we have had!

# NURSERY

## Wagtails

The Wagtails have had so much fun learning about Autumn. They have been using their fingers to mix colours to make firework pictures. The children have been doing lots of creative autumn activities such as making a tree with autumn leaves, rubbing different shaped leaves and making hedgehogs using different coloured leaves. We have had so much fun going up to the nature garden and using nets to explore the pond. The children have also made their own poppy for remembrance. We have been counting leaves and collaging them onto a piece of paper. The Wagtails have had so much fun using different parts of their body to explore the leaves in the garden and making their own marmite swirls for morning snack.

# NURSERY

## Lower Robins

Last week in Lower Robins, the children thoroughly enjoyed discussing fireworks 🎆. They used cardboard tubes to create markings on their paper, representing the fireworks. We also emphasised the importance of safety during this time. Additionally, we have begun practising for the Christmas concert, which everyone is eagerly anticipating in December. This week, the children focused on Remembrance Day, creating hand-painted poppies that we displayed in our window. They also decorated plates shaped like poppies, which have been added to the display as well. Furthermore, we talked about Children in Need and worked on decorating a giant Pudsey bear for our window. In addition, we enjoyed some water play and experimented with coloured shaving foam.

# NURSERY

## Upper Robins

Last week as part of our topic "Rainbow Fish, Colours and Remembrance Day", the children enjoyed creating a giant handprint Poppy, they also loved mixing basic colours to create a new one using their hands. Additionally, they took turns to play the fishing game, where they put to the test their fine motor skills, and matching the fishes with the coloured buckets.

This week the children turned their focus to our new topic "Winter", they have been exploring winter sceneries in the small world tables such as winter animals and Polar express trains.

They also have been creating their own snow man by putting them together, counting snow men, making melting snowman, learning about all the clothes we wear in winter and having a blast hammering the ice to free the frozen animals in the tuff tray.

# NURSERY

## Skylarks - Green

The children in Skylarks' Green have been enhancing their understanding of the world over the past few weeks. We have celebrated a variety of festivals and traditions which have highlighted the diversity of the world and its communities.

We enjoyed some spooky fun in our tuff tray and role play area, investigated the inside of a pumpkin and went 'trick or treating' around the nursery in celebration of Hallowe'en. We made beautiful firework pictures using a selection of media to create different effects as we focused on Bonfire Night and fashioned Diwali clay lamps and patterned Rangoli pictures as we learned about the Hindu Festival of Light. We observed a minute's silence for Remembrance Day and made individual poppies to take home. Another highlight of last week was our visit to 'The Box', where we explored the interactive environment of the indoor area and had fun discovering the pods, bridge and teepee located in the outdoor area.

This week our theme has been 'Transport'. We have learnt about the different modes of transport, made vehicles out of 'junk' modelling resources and instigated imaginative storylines against the backdrop of the 'small world' table and train station role play area. Some children created sail boats too and we also will be learning about road safety during circle time.

# NURSERY

## Skylarks - Orange

The Skylarks have had an incredible few weeks! We discussed the significance of wearing poppies on Poppy Day and reflected on how past generations have paved the way for our future. The children enjoyed crafting their own poppies by cutting bright red paper and decorating them with pride, which we have beautifully displayed in our classroom.

Additionally, we were treated to a special outing to the main school. We visited the box, then made our way to the igloo to conduct a rocket experiment. We combined a bottle of fizzy pop with some magical rocket tablets, which caused the drink to fizz up into the air. The children were thrilled and excited as they watched this experiment unfold, led by our room leader, Chloe. The fun continued in the inside box, where the children collaborated to create amazing Lego structures and had the opportunity to make marks on special tables

# Reception

## Autumn

We've launched our new topic, exploring **what happens at this time of year** with a focus on **autumn**. We've discussed how nature changes during this season, like the leaves changing colour and falling, and animals preparing for winter by building dens or hibernating. The children have enjoyed learning about autumn's transformations through creative activities, like reading *Leaf Man* and using natural materials (leaves, sticks, pinecones) to create pictures of birds, animals, and even imaginative scenes inspired by our nature walk.

The children enjoyed creating autumn necklaces. Using a hole punch, they made holes in the leaves and then threaded them onto string.

## Science

In science, we've started looking at how the weather changes in autumn, particularly the impact of wind. The children crafted parachutes, kites, and wind socks to see which designs flew best in windy conditions. We then recorded our observations in a bar chart, a wonderful way to incorporate early data handling into our activities.

## Autumn Festivals and Remembrance

Our seasonal exploration led us to discuss Diwali, learning about why it's celebrated and how it brings light and joy to many families. We also marked Remembrance Day by creating poppies and talking about the brave soldiers who sacrificed their lives to protect us. The children showed thoughtful respect as they learned about this special day of remembrance.

# Reception

## Pastoral Day

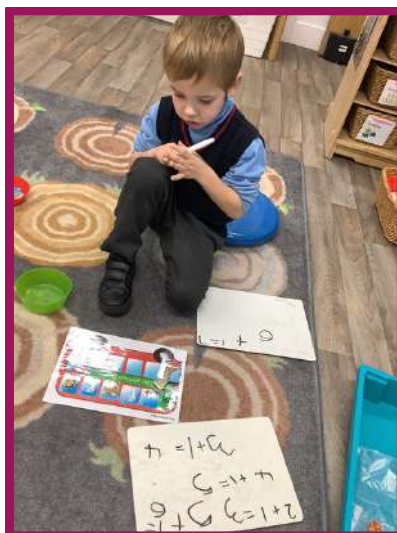

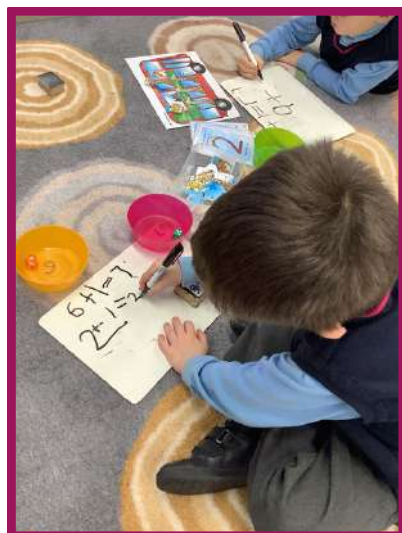

On Pastoral Day, the children had a fantastic time making "bubbling fireworks". They combined vinegar, baking powder, and food colouring, delightedly watching the reactions unfold. Their comments included: "There are bubbles on the surface; it's like a volcano with lava spilling out! It is like a firework exploding, and it keeps growing; it's erupting bubbles!"

## Maths

Using a bus and animals, the children explored the concept of one more. A dice was rolled to generate a number, then the corresponding number of animals were placed on the bus. They then added one more. Some children wrote number sentences to show the calculation.

In maths, we've been focusing on finding 1 more and 1 less than numbers to 5 and 10. We also looked at circles and triangles, spotting these shapes around us in both the classroom and nature. These foundational activities have been a great way to solidify their understanding of numbers and shapes.

# YEAR 1

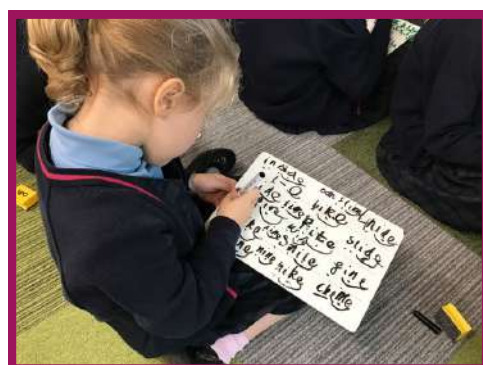

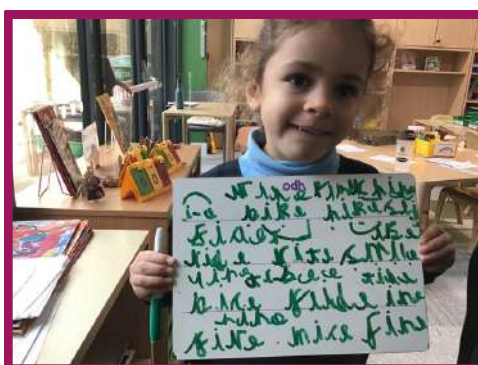

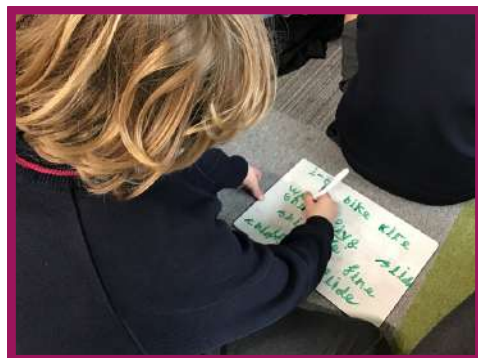

## Forest School

# YEAR 1

## Phonics

## Maths

In Maths, Year 1 has been learning how to create tally charts and bar graphs. Each child asked a question about a topic e.g. What is your favourite ice-cream? Who is your favourite Disney character? We then visited the Reception and Year 2 classrooms to conduct a survey using a tally chart. Next, the children put their tally results into a bar graph and wrote sentences about their findings!

# YEAR 2

## Modelling

Year 2 pupils are bursting with creativity, particularly when it comes to modelling with plasticine! The entire year group model weekly, where they explore colour and design, turning their ideas into wonderful imaginative creations.

From fantastical creatures to real life models, their projects often show some intricate details. The modelling not only improves their fine motor skills, and strength, but also encourages collaboration and creativity.

## Forest School

This week saw the turn of 2MO to spend a creative afternoon in our woods. It was wonderful to see the smiling faces returning... with quite a lot of mud, too!

# YEAR 2

## Reading

Every ten days, Year 2 welcome Year 8 for early morning reading! All of the pupils read with a Year 8 buddy and take enormous pleasure and pride in their time together. It is extremely special to see the kindness and support that all of the Year 8s demonstrate; a hugely valuable time for everyone involved.

# YEAR 3

## Biomes Day

As an exciting start to our topic of 'Biomes', Year 3 set off for the woods last week where the children were given some mystery boxes containing a map of the world. From clues that were gradually given, they worked out the biome for their box and identified the countries in which it can be found. They were then set the challenge of becoming the Year 3 'experts' for that biome so they could then present their knowledge to the rest of the year group.

Back in class, the children did some more research in teams, using books, information pages and the internet. They shared facts with their teammates. They were also able to 'visit' their biome using the VR goggles.

We very much look forward to listening to some fascinating presentations.

# YEAR 3

## Appreciation

Pupils in Year 3 have started an exciting new initiative of learning about appreciation. They have given much thought to what this means and have discussed ideas as to how we can show appreciation and gratitude for all we have. From a long list of fabulous ideas, the children chose to start by making cakes for everyone who works at Hazelwood School to say thank you for the amazing jobs they do.

The children started bright and early on World Kindness Day and made rice-crispie cakes for the catering team, the office staff, the grounds staff, the accounts department, teaching staff and many others. They made beautiful cards, with some very touching messages inside, and delivered them, with the cakes, at break and lunchtime. It was an amazing team effort!

We had some lovely messages back from staff members and the children took great pleasure in showing their appreciation. Great work, Year 3!

*"I wanted to say thanks for the lovely little present. This was totally unexpected and has made my day."*

*"Please can you say a big thank you to the year 3s for my chocolate crispies and card..... Delicious! What a lovely touch to my Wednesday."*

*"Thank you Year 3 for the lovely, sweet treat and card!"*

# YEAR 4

## All Rise Legal Workshop

The Year 4 children thoroughly enjoyed their topic day on Friday, exploring the rule of law and the British court system. They discussed the importance of different laws, looked at evidence and also acted in their own courtroom!

---

# YEAR 5

---

## History

Year 5 ventured outside to learn about the battle of Hastings. They were given a map of the battlefield and key information about the Norman and Saxon armies. The hill besides the tree house was used to recreate the start of the battle, the children had to identify geographical, military, and other advantages each side held over the other. The children will conclude their focus on 1066 with a short report accounting for the Norman victory.

## D&T

Year 5 have completed their first wood work project in the workshop using a new set of tools and equipment to make a wooden initial for their room.

From a coping saw to a belt sander they have taken on board the new skills and machinery with confidence and enthusiasm. Well done year 5.

# YEAR 5

## Geography

Year 5 enjoyed investigating why people migrate to the UK by analysing Push and Pull factors. We used England's most famous migrant - Paddington Bear - as an example!

# YEAR 6

## Science

Year 6 have been investigating antacid tablets and trying to find the one that works best.

Tablets used were Rennie, Gaviscon and Bisodol.

Pupils could design their own investigation and really enjoyed the chance to test different variables.

Results are still being processed.

---

# YEAR 7

---

## Food Tech

Our Year 7 Food Tech elective enjoyed making - and eating - apple crumble last Friday. Toffee sauce added to the excitement!

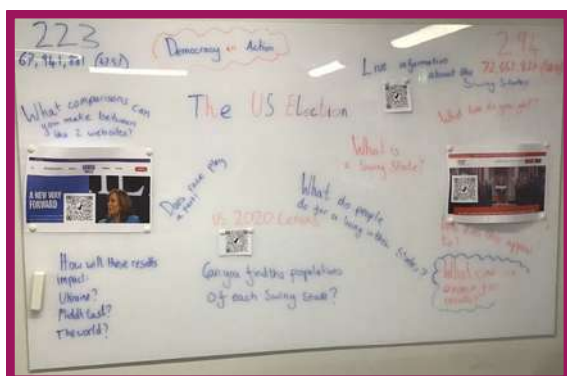

# YEAR 8

## Geography

The Year 8s have been studying the US election as part of their topic: Dictatorship and Democracy. We were fortunate enough to be able to study this complex and fascinating process as it was running. The pupils were challenged to analyse the policies proposed by both the candidates and then formulate their own predictions about the impacts these policies might have on the US. We also looked at the American electoral system and made some comparisons between it and the UK.

## English

Year 8 pupils have been working collaboratively to prepare for their mock English Common Entrance examination next week.

# YEAR 8

## Graphics

Year 8 Graphics students explored Canva to create a fun "Polaroid pop-up" effect, making their chosen photo subjects look like they were coming out of the frame! By layering images, cropping, adding shadows, and fine-tuning details, they learned key photo editing design skills. The class showed great creativity, experimenting with angles and backgrounds to bring their pop-up effects to life – an impressive introduction to Canva's powerful editing tools!

---

# Sport

---

## Football

The Under 13 Boys won their final match of the season 2-0 away to Holmewood House. It was a hard-fought victory, Hazelwood dominated possession but had to wait until the last 5 minutes when they scored both goals. This completed an unbeaten run for their Wednesday fixtures, played 6 won 6.

## Gymnastics

Our U11 gymnastics team did a fantastic job at the Surrey Schools Floor and Vault competition, with each of our gymnastics displaying skill, determination, and enthusiasm. Georgia led the team with a graceful, high-tariff routine, including challenging elements like a round-off backflip that set the standard high. She was followed by Mya, Charlotte, Gabby, and Bella, who all executed their routines with great composure and skill, building on the strong start Georgia had established.

This year, our entry included all our U10 girls, which means they'll gain invaluable experience as they compete in this age group again next year. Competing in a highly competitive field, our team finished a respectable 8th out of the whole of Surrey – an impressive achievement!

As we look forward to the upcoming U9 competition in February, we're excited to possibly add a boys' team to our roster. We're calling on any boys who are strong, resilient, athletic, and hard-working to be pioneers for Hazelwood school gymnastics. If you think you have what it takes and would like to represent our school in this exciting opportunity, please see Mrs. Moon. Hazelwood gymnastics needs YOU!

# Sport

## Hockey

What a fantastic hockey season it has been! Girls from Year 3 to Year 8 have had the opportunity to showcase their skills and passion for the game in a variety of matches, and the level of commitment and teamwork has been outstanding.

A special mention must go to our Year 6 girls, who competed in the UKSA tournament. Their performance was nothing short of impressive, with great hockey on display and fantastic team spirit throughout. They earned a well-deserved 2nd place in the Plate competition—well done, girls!

The U13 team also had a memorable season. At the IAPS tournament, they played some exceptional hockey and finished 3rd in their group, making it to the quarter-finals. Their hard work and determination were evident in every match, and they showed incredible team cohesion. The U13s also represented the school at the UKSA hockey tournament, where they played with grit and determination, showing that they are a force to be reckoned with. Congratulations on a fantastic effort, U13s!

---

# LIBRARY

---

## The Children's Book Project

We are again running the collection of new and nearly new (but in very good condition) books for the Children's Charity in the run up to Christmas.

Across London and the UK 1 in 4 disadvantaged children owns fewer than 10 books, whilst 1 in 8 has none at all. This has an impact not only on these children's academic outcomes but also on their wellbeing, emotional development and sense of themselves as a reader.

For more information visit [www.childrensbookproject.co.uk](http://www.childrensbookproject.co.uk)

Please drop off your unwanted new or nearly new books that your children have grown out of and send them in to me in the Hazelwood Library. **The last day for collections before Christmas will be w/c 26th November.**

Please note that the condition of books donated is very important. The charity cannot accept old, marked or tatty books since these are not suitable to gift onwards to another child. so please do not send any of the following:

- textbooks or revision books
- religious texts
- encyclopaedias
- DVDs or CDs
- torn, scribbled or dirty books
- ex library books or ex reading scheme

## Usborne/Hazelwood Reading Challenge

We hope your children had a great time taking part in the sponsored reading challenge and that it inspired them to read for pleasure over the half-term break. Just a quick reminder that sponsorship money is due in by **Monday 18th November** and every child who participated will receive a prize. Thank you for supporting the challenge and helping us to earn some wonderful new books for our three nominated state schools and our pupils to enjoy!

# Other News

Esmée M and Noah V are performing in the Glow production of Rave Revue this December.

Tickets are available now - they'd love to see lots of familiar faces in the audience to support them!

Staff played in the hotly anticipated netball match for Children in Need during fruit break today.

It was fierce, fast and mostly friendly!

Well done to the winners - the Blue team!

# Notices

Edenbridge RFC is a grass roots family-friendly club, and believes in the key values of rugby, TEAMWORK, RESPECT, ENJOYMENT, DISCIPLINE & SPORTSMANSHIP. The team enjoys having 3 coaches (backs and forwards), with coaching taking place on Wednesday nights (6-7pm) all year round, and Sundays (10am-12.00), which are alternated between training sessions, league matches and friendlies. Situated on the border of Kent/Sussex, we play in the Sussex league and due to our unique location, we also enjoy the benefit of being able to put forward players into both the Saracens and Harlequins U15 development programmes, of which we have 3 in each at the moment.

For anyone interested, please look at our website [www.edenbridgerugby.co.uk](http://www.edenbridgerugby.co.uk) or contact Nigel Lawson U15 manager, Edenbridge RFC [nigel@acumen-da.com](mailto:nigel@acumen-da.com)

# NOTICES

Our Christmas stock will be on the shelves, so it will be a great opportunity to start some Christmas shopping and get some Christmas gift ideas.

As usual, we will be holding a raffle and teas, coffees and cakes will be on sale.

We do value your support and hope you can pop in to say hello and have a chat with us on the 28th!

We are thrilled that for a second year running, The Woodhouse Centre will be coming to join us for our Hazelwood Nativity play!

## St Peter's Messy Church

This Sunday 17th November at 3pm Messy Church will be taking place at St Peter's Limpsfield. The theme is light and there will be lots of themed crafts and activities including making stained glass windows, stars, candles and lots of sparkle as the nights draw in. If your child/children would like to join in please email [stpeterschurch.lttm@gmail.com](mailto:stpeterschurch.lttm@gmail.com) so we have an idea on numbers.

St Paul's Cathedral is currently recruiting the next generation of boy and girl choristers, and we would be delighted if any of your students might be interested in applying. We welcome children in School Years 2 to 5 who love to sing and are eager to be part of our world-renowned choir.

Director of Music, Andrew Carwood MBE, writes:

"Being a Chorister at St Paul's is an extraordinary and inspiring experience, offering children a unique start in life. Alongside a first-class musical education, our Choristers board at the Cathedral School, where they benefit from an exceptional academic curriculum. In addition to singing Choral Evensong throughout the week, Choristers participate in special services, concerts, broadcasts, and tours."

St Paul's Cathedral is determined that no child should ever have to pay to sing in their Cathedral. Choristers learn and board at the St Paul's Cathedral School and receive 100% bursaries for their education fees and up to 100% on the cost of boarding.

We are holding online introduction meetings on 13th November, with sessions beginning at 6:00 PM for boys and 6:45 PM for girls. These meetings will offer insights into the unique benefits of Choristership at St Paul's and how it can help shape a child's future.
