

20TH SEPTEMBER 2024

The Nutshell

Hazelwood School

THE LATEST NEWS AND UPDATES FROM HAZELWOOD

Compassion. Courage. Respect.

Dear Parents,

Welcome back! I hope you all enjoyed an incredible summer break with your families. Although it was a busy summer at Hazelwood with all the site developments, I was very grateful to be able to enjoy some time away with my family. It was a chance to take stock of all we achieved last year and begin to look forward to all that is to come in this new academic year.

To our new parents, a warm welcome from myself and staff; we are thrilled to have you as part of the Hazelwood community. I understand how challenging a change of routine and environment can be for families - we are here to support you in any way we can.

It has been wonderful to welcome our Reception classes into the Baily Building. Our Reception teachers have done an amazing job of creating warm and inviting classrooms for our new pupils to enjoy learning through play, both inside and outside, using our extensive facilities. The children have been absolutely incredible at adjusting to their new space and routines.

Our new Upper School Learning Centre, located in The Ruth Bourne Building, is proving very popular with our Upper School pupils. It's an amazing learning environment, which we're incredibly proud of - if anyone hasn't had the opportunity to see it yet, please contact Natalie to arrange a tour: headspa@hazelwoodschool.com

A big thank you to the HPA for arranging the annual Colour Run last Sunday. Hazelwood was drenched in colour and from the laughter that could be heard across the site, it was clear that everyone had a wonderful time.

I have spent part of this week in South Wales at an IAPS (Independent Association of Prep Schools) conference. It is always fascinating to hear ideas and challenges from other independent schools. The private school sector has never been so challenging and yet so rewarding for those lucky enough to be part of it and I find myself even more enthused with energy, inspiration and love for my job than ever before. It really has been an inspiring few days.

Other good news, I wanted to share that Hazelwood has been nominated for another award; we are a 2024 Finalist in the Talk Education Awards for Innovation in Education. We're delighted that our efforts to provide a bold and innovative approach to learning has been recognised. At Hazelwood, we understand the need to equip pupils with the skills needed for the changing world we live in; an education through a modern lens is at the forefront of our thinking.

Finally, our two open mornings are fast approaching. Please spread the word if you know of anyone who might be interested in learning more about our wonderful school.

- Friday October 11th - Years 7 & 8.
- Friday 22nd November - Whole School.

Best wishes for a restful and enjoyable weekend.

Award Nomination

Hazelwood is a 2024 finalist in the Talk Education Awards for **Innovation in Education!**

We are delighted that our efforts to provide a bold and innovative approach to learning has been recognised. At Hazelwood, we understand the need to equip pupils with the skills needed for the changing world we live in. Education through a modern lens is at the forefront of our thinking.

HPA

The HPA urgently needs volunteers to help at the 2nd hand uniform shop.

We open Mondays and Wednesdays 8-9am but would also like to open on a Friday if we have enough volunteers.

If you can commit to 1 or 2 hours per week (term time only) on the days/hours stated, please visit the shop to discuss or email Sarah at sarahhumphrey2004@yahoo.co.uk

Thank you!

Charity Walk Appeal

Charity Cake Sale & Walk

Nine Hazelwood staff members are climbing Snowdon next Saturday, setting off at 2am to raise money for The Eve Appeal, a charity which funds research into gynaecological cancer.

On **Monday 23rd September**, to help reach their target, pupils and staff will attempt to walk the distance around the school grounds (weather permitting) before having the option to purchase some homemade treats at break time. We would be extremely grateful if any budding bakers would like to contribute to the bake sale, and if children wish to buy any, cakes will be 50p each. **Please can children bring coins only into school, thank you.**

There will be staff in the dining hall during breakfast next Monday until 8:35am to receive any cakes you have kindly baked. Please label the container with your child's name and form to ensure its safe return! Please remember not to include nuts in your bakes, such as ground almonds, Nutella or marzipan etc. There will be a separate selection of allergy-friendly treats to cater for all our students' dietary requirements, but you are more than welcome to provide your own child's treat.

Thank you in advance for all your support, and if the thought of baking fills you with dread, the jolly walkers would be very appreciative of any donations which can be made directly on their fundraising page.

Thank you!

Student Spotlight

Congratulations to Francesca in Year 5 for being our Music Hero this week in Wind Band. She is new to the group, has been practising so hard and has made so much progress.

Well done Francesca!

The Student Spotlight aims to showcase the remarkable achievements of our pupils, both within and beyond Hazelwood.

Please nominate your child if they have accomplished something wonderful - we'd love to hear about it! Email: marketing@hazelwoodschool.com

Spotlight

Mrs Camerer Cuss
Reception Class Teacher

WHAT DO YOU LOVE MOST ABOUT YOUR JOB?

What I love most about my job is witnessing the remarkable progress the children achieve and seeing them grow into confident and curious learners. Watching them develop new skills and build friendships is so rewarding—it's a privilege to be part of that journey!

WHAT MOTIVATES YOU?

I am constantly motivated by the children! Each day brings new surprises, as they impress me with their ideas, questions, energy, and curiosity about the world. Witnessing them achieve their goals and celebrate their achievements is what fuels my passion for teaching!

HOW DO YOU MAKE A DIFFERENCE TO CHILDREN'S LIVES?

I believe I make a positive impact on pupils' lives by offering a secure and supportive environment where they feel empowered to explore, make mistakes, and grow. Helping to establish a caring and curious environment for them I hope helps to develop a love for learning. I aim to help them develop not only academically but also emotionally and socially.

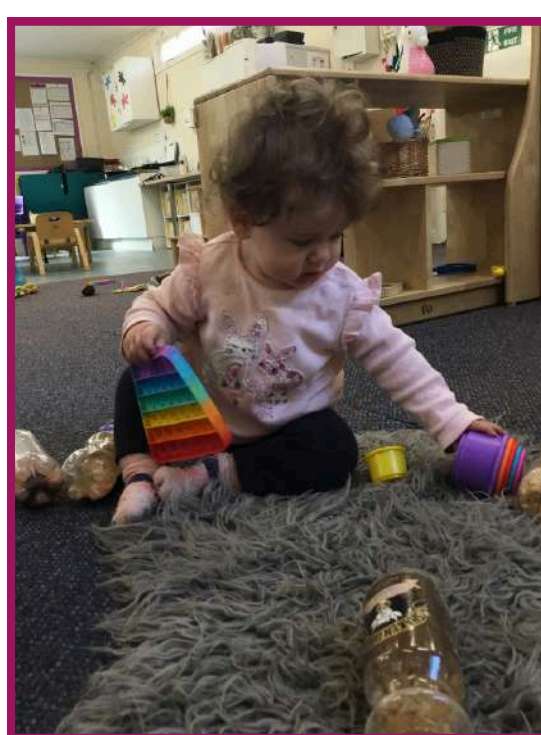

WHAT ARE YOU LOOKING FORWARD TO THIS YEAR?

This year, I'm most looking forward to and currently enjoying, being part of the wider school community now that we've moved to the main site. It's exciting to see how the younger children will interact with the older pupils, and I'm eager to collaborate more with teachers and classes from other year groups. On a personal level, I'm excited to continue growing as a teacher, learning new strategies to engage the children and improve their early learning experiences.

NURSERY & EARLY YEARS

Wrens

The children have settled in well in the Wrens group! They have been engaging in messy play activities related to our farm theme, such as spaghetti play and water play. They have also been creating farm animals using their handprints and puffy paint. Additionally, the Wren children have been enjoying exploring the sensory and garden area.

NURSERY & EARLY YEARS

Starlings

The Starlings have been settling in wonderfully over the past few weeks. They are happy and have been enjoying playing with new toys and exploring their new room. They have shown a keen interest in farm animals, singing along to "Old McDonald" and imitating animal noises. They have also enjoyed sensory activities like sequin boards and shapes with different textures. There have been various messy play activities that the children have enjoyed, such as mixing paint with shaving foam and cleaning mud off toy animals.

NURSERY & EARLY YEARS

Wagtails

The Wagtails have settled in nicely in their new room and have been getting to know new friends. They have been having fun exploring the classroom and discovering new toys. They have shown enthusiasm for learning about different animals like tigers, sheep, and pigs. Wagtails have been engaging in various messy play activities with items like pasta, conditioner, cereals, and rice. They have been using tools like tweezers and paintbrushes for exploration. The children have been creative with art, painting pigs, tigers, and making turkeys with their hands.

NURSERY & EARLY YEARS

Lower Robins

This week in Lower Robins, the children have been very busy and have settled in well, adapting to the new routine and environment. Many happy faces greet us as they arrive in the morning, waving goodbye to their parents.

Throughout the week, the children have engaged in a variety of activities, such as painting, cutting, and their first P.E. lesson, which they all enjoyed. In the second week, we focused on exploring the children's families and asked parents to bring in a family photo for our family tree display. The children had great fun sharing and discussing who was in their photos.

During the third week, we delved into the story of 'The Three Bears', discussing their behaviour and the story itself. The children particularly enjoyed creating puppets, engaging in size ordering activities, colour recognition games, and a fun cooking activity with Beth where they made bears' toast using honey, banana, and raisins.

Next week we topic is 'The three little pigs' 🐷

NURSERY & EARLY YEARS

Upper Robins

Last week, the children have been discussing their families by looking at family photos, creating a family nest for the Robins, and exploring shapes in messy trays. They have also been adjusting to new routines in the Upper Robins room. The children enjoyed their music lesson with Mrs Fryer and the PE lesson. This week, they had a lovely Autumn walk exploring the natural areas, collecting autumn materials, making hedgehogs with playdough and twigs, and threading autumn leaves.

NURSERY & EARLY YEARS

Skylarks - Green

It has been a brilliant start to the new academic year in Skylarks' Green. The children have settled happily into their new environment and are keen to participate in all the activities on offer. We initially gauged the children's interests and preferences through a variety of engaging activities and then, this week, we have extended this into our focus on 'All about me'. The children have celebrated their similarities, and differences, via self- portraits, paper plate faces and by compiling their unique 'All about me' photo albums.

We have matched numerals to the quantity of our family members and started to learn new vocabulary to describe our feelings and emotions during circle time. The children also enjoyed their first swimming classes and will be joining Gary for their initial Forest School session later today.

NURSERY & EARLY YEARS

Skylarks - Orange

The last two weeks at Skylarks have been absolutely lovely! The children have been brimming with joy and confidence as they settle in. They've been really busy exploring all the cool stuff in the classroom and having fun outside in the gardens. From building sandcastles to making fabulous mud cakes and pies, and even whipping up some special Skylarks stick soup – they've been creative little wonders!

We've also been working on an "emotion tree" together to chat about how we're feeling. It's been great to see them opening up about their emotions, what makes them feel that way, and how we can handle different feelings. The children are also super excited about their "All About Me" books. They can't wait to share stories about their families and the exciting adventures they've been on. It's just heartwarming to see them proudly showing off pictures and telling us all about their loved ones.

Reception

Settling into Reception

Our first week was all about helping the children settle into their new school environment. We introduced the Three Bears Rules:

- Daddy Bear (Safety): How we can stay safe, such as walking in school.
- Mummy Bear (Caring): Being kind, using kind hands and feet.
- Baby Bear (Learning): Always trying our best and helping each other.
- Goldilocks (Perseverance): Encouraging the children to keep trying, even when things feel tricky.

The children reflected on these rules and shared their own ideas on how to follow them. It was a great opportunity to help them understand the importance of these values.

The Colour Monster and Talking About Feelings

We also read The Colour Monster story, which helped us explore different emotions and the colours that represent them. The children shared how each emotion made them feel and learned that it's okay to feel a wide range of emotions throughout the day.

Families and Sharing Holidays

We discussed our families, celebrating how everyone's family is unique and special. The children enjoyed drawing pictures of their families and talking about the people they had included. We also shared stories about our summer holidays, taking turns to listen and speak—a great way to practise communication and social skills.

Reception

Superheroes!

In our second week, we introduced our new topic: Superheroes! The children were thrilled to dive into the story of Supertato. We began creating superhero landscapes, working on the backgrounds and cutting out squares and rectangles for the buildings. The children loved talking about Evil Pea and the vegetables from the story. This led to a great discussion on why eating vegetables is important, supported by the fun advert "Eat Them to Defeat Them!"

We also explored Superworm and talked about what makes a superhero. The children shared their ideas about how superheroes help others, drawing connections to their own lives and the people who help them. We even used an AI website to help the children create their own superheroes! The children described them and the AI made it into an image.

Writing: Think Write and Harriet the Cow

We introduced our first Think Write character, Harriet the Cow! The children began practising Harriet's starting shape and will continue exploring different ways to form this shape in the coming weeks.

Harvest Festival Preparation

Finally, we've started practising for our Harvest Festival. The children have been singing songs and learning their harvest poems with enthusiasm. It's wonderful to see them so excited about our upcoming celebration!

Maths: Noticing, Sorting, and Counting

In maths, we focused on comparing objects by noticing what's the same and what's different, then sorting them into sets. We practised counting groups of numbers and explored different ways to represent numbers, such as making unifix cube towers and using tweezers to move the correct number of gems into bowls.

Maths: Writing Numerals and Numberblocks

In maths this week, we worked on the rhymes for writing numerals 0-5. The children practised thinking about where each number starts and ends to form them correctly. We also explored the Numberblocks characters for numbers 1-4, discussing how each number is made and what it looks like.

YEAR 1

Forest School

Year 1 had a fabulous time in their first Forest School session! The sun was shining and we loved searching for shapes, colours and textures in the natural environment, as well as climbing trees to challenge ourselves!

Reading

Year 1 have been thoroughly enjoying reading lots of fiction and non-fiction books in their new classrooms in and around the Baily building!

YEAR 1

Topic Day

Topic Day - Is Plastic a Good Thing?

Year 1 enjoyed a fun-filled Topic Day where the children began to think carefully about the question 'Is Plastic a Good Thing?' The children had an exciting trip to the Outdoor Box and discovered that Mr Messy had had a very messy party! They did a great job sorting the rubbish for recycling!

YEAR 3

History

Year 3 had an exciting time last week using the VR goggles to explore the Stone Age! They spotted Stone Age tools, entered dark caves and came face to face with a woolly mammoth and a cave lion! Looking carefully at what they could see, they answered questions about the Stone Age and considered what life might have been like at the time. Would we have survived the Stone Age?

Maths

Today Year 3 dienes to understand place value up to 10000. We recognised that we can represent numbers in different ways.

YEAR 4

Volcano Day

Year 4 had a brilliant start to their topic, Active Planet! The day started with Lego construction of volcanoes in the box and volcano artwork. They then heard about the rumblings of Oxted Volcano, and as groups, decided what the ten most important things to pack when evacuating are. Finally, the afternoon ended with a bang! Year 4 created volcanoes out of junk modelling and then took them outside to start the eruptions, mixing bicarbonate of soda and vinegar together. An excellent way to end the day and start the topic!

YEAR 4

Science

4H have been making use of the good weather lately, taking their Science lesson outside to explore the different sounds they can make around school, and identifying what caused those vibrations. They have also thoroughly enjoyed their first rotation of Forest School, making some pretty artwork and building a shelter for an acorn, hoping it would stay dry when doused with water! We had some interesting pet names for their acorns!

YEAR 5

Geography

Year 5 used Lego to make the Caribbean.

YEAR 6

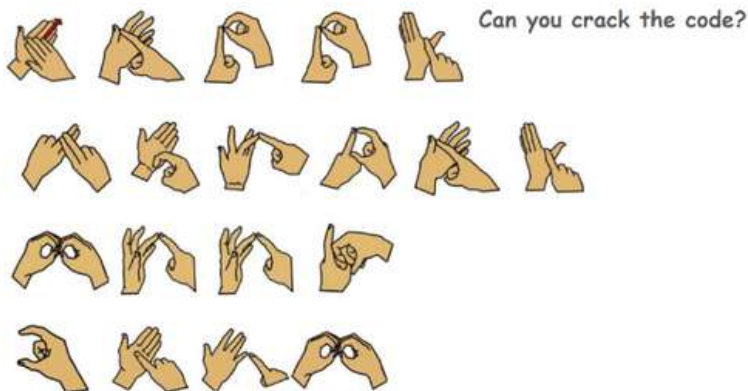

Geography

Exploring plate tectonics through virtual reality

British Sign Language

As part of our Year 6 project, we have fully immersed ourselves in preparing for our British Sign Language Course. We successfully managed silent dodgeball, benchball and juggling. The book club didn't go so well!

YEAR 7

Forest School

Year 7 have been enjoying the woods on Friday night.

YEAR 8

Maths

Year 8 were enjoying the amazing facilities in the new Upper School Learning Centre during their Maths lessons last week as they learnt about volume of prisms.

Design & Technology

Biomimicry - Students are designing an outside seating area for a social space inspired by natural organic objects.

Students researched areas of nature that would help them create a new and original shape. They are now modelling their prototypes.

So far mushrooms, flowers, lemons and octopuses have been a popular choice of inspiration! Well done year 8!

Sport

Hazelwood Relays

The Hazelwood Relays Cross Country event was a resounding success, with an impressive 279 children participating across various age groups. Hazelwood School demonstrated strong representation by entering four teams in each age group for both boys and girls, reflecting the depth of talent and enthusiasm across the school's cross country runners.

Key Highlights

U13 Girls

The standout performance of the day came from the U13 girls' team, who secured an outstanding ****2nd place finish****. Their teamwork, perseverance, and strategic running helped them achieve this impressive result, earning them well-deserved recognition.

U13 Boys

Not far behind, the U13 boys' team delivered a strong performance, achieving ****3rd place**** in their race. This result demonstrated the boys' determination and growing skill in cross country running, highlighting their potential for even greater success in future events.

Team Effort Across All Age Groups

Hazelwood entered four teams in each age category, ensuring a broad representation in the competition. Both boys' and girls' teams across all age groups gave their best efforts, with many children taking part in competitive cross country for the first time. Despite the challenging conditions, every runner showed resilience, determination, and a willingness to push their limits.

Looking Forward

The Hazelwood Relays set the tone for a strong cross country season ahead. With solid performances across the board and standout results for the U13 girls and boys, the teams are well-positioned for continued success. The event also provided an excellent opportunity for all 279 children to develop their racing techniques, stamina, and confidence in a competitive yet supportive environment.

Sport

Swimming - U11 - U13 Hawthorns

The swimming team kicked off the season with great energy and enthusiasm at the first swimming galas of the year. A total of 81 children from the team had the opportunity to showcase their skills and compete in two separate events: against Hawthorns School (U11-U13) and Royal Russell School (U8-U11). The atmosphere was electric as everyone embraced the challenge of competing.

Competition Highlights

Hawthorns School (U11-U13) - The older swimmers competed against a strong team from Hawthorns, showcasing their growing skills and teamwork. Despite facing tough competition, our swimmers held their own, delivering some impressive individual performances. The event proved to be an excellent starting point for the season, giving the team the chance to test their abilities and identify areas for growth.

Royal Russell School (U8-U11)- Our younger swimmers also had a fantastic opportunity to compete against Royal Russell, many for the very first time. The gala served as an exciting introduction to competitive swimming for these young athletes. Their determination and enthusiasm were evident throughout the event, laying a solid foundation for future galas. 4 School records were broken in the process over 25m; Imogen Zurrin in the Year 3 Frontcrawl, Max Castell in the year 5 Backstroke and Jack Laman and Sienna Carley in the Year 3 Breaststroke events. A massive congratulations to those children!

Team Spirit and Enthusiasm

Beyond the races, the true success of the day was the camaraderie and team spirit displayed by every swimmer. Each child gave their best effort, supported their teammates, and left the gala with valuable experience. There were smiles all around, and the swimmers' joy in participating was clear.

Looking Ahead

This first gala of the year serves as an excellent starting point for what promises to be a successful season. While the swimmers have shown solid performance early on, the team is ready to work hard, improve their techniques, and make significant progress in the months ahead.

Sport

Football

The U11A's started off their season strongly, winning the cup at Hilden Grange. Continuing their excellent form from last year, they demonstrated superb teamwork, keeping a clean sheet in all their matches, and showcasing clinical finishing in front of goal. Well done on a superb performance, we look forward to more successes in future competitions.

Sports Teams of the Week

Music

Hazelwood School

HAZELWOOD MUSIC CLUB DESCRIPTIONS

MONDAY

Junior Choir - 8.05-8.30 - Chapel

Choir for Years 3 and 4. No auditions necessary.

Guitar Group - 1:00-1:25 - Chapel

Guitar ensemble for pupils already taking guitar lessons.

TUESDAY

Orchestra - 8:10-8:55 - Bawtree Hall

Orchestra for Year 3-8 pupils already taking instrumental lessons. No auditions, but pupils should have a good understanding of how to read music and be able to play a range of notes.

Intermediate String Group - 1.05-1.30 - Bawtree Hall

Invitation only string ensemble for more advanced players.

Junior String Group - 3:30-4:30 Bawtree Hall

String ensemble for Reception-Year 4 pupils already having instrumental lessons in the violin, cello or viola. Pupils will need some knowledge of how to read music and be able to play a range of notes. This group focuses on playing as an ensemble and building confidence.

WEDNESDAY

Chapel Choir - 8:10-8:55 - Chapel

Auditioned choir for Year 6-8 pupils.

THURSDAY

Wind band - 8:10-8:55 - Chapel

Wind band ensemble for Year 3-8 pupils already taking woodwind or brass lessons. No auditions, but pupils should have a good understanding of how to read music and be able to play a range of notes.

Chapel Choir - 4:30-5:45 - Chapel

Auditioned choir for Year 6-8 pupils.

FRIDAY

Training Choir - 8:10-8:50 - Bawtree Hall

Choir for Years 3-8. No auditions necessary.

Music

SURREY ARTS

Stringbabies®

A happy start to their musical journey!

Group lessons for ages 4-5
Saturdays, 12.30 - 1
at Hazelwood School

Help your child to develop
performance skills, confidence,
composing, singing and rhythm skills!

Spaces available for:

Cello

T: 01483 519303
E: surreyartsmusic@surreycc.gov.uk

Apply online at:
surreycc.gov.uk/music

Does your child love to sing to any music that they hear?
If the answer is yes then you may have a budding musician.
Stringbabies may be the platform to unlock that creativity and potential.

Stringbabies is an holistic approach for teaching strings and general musicianship to young children enabling children to start from the age of 4 years old. Surrey Arts became the first music service to teach this approach and has grown from strength to strength across the county. We are now in our 10th year of delivering Stringbabies across the county with a team of specialist trained Stringbabies teachers.

Stringbabies is a great way to teach young children how to play music. Using shapes, musical games and toys we build up their knowledge and understanding of rhythm, pitch and musicality backed up with the technique of playing a stringed instrument. Our Stringbabies learn to develop their aural skills and composition potential encouraging real creativity and musicianship. A typical lesson will include lots playing, singing and creative composing on their instrument.

We now have spaces for the cello which would be taught in groups to start with. This is both fun and secures musical friendships as they start their string journey.

Please follow the link below to apply for cello lessons with Surrey arts and follow the link below.

Surrey Arts music lessons

SURREY ARTS Stringbabies®

I am a Surrey Arts teacher from Surrey County Council music service that visits Hazelwood. All cello applications need to be registered with Surrey Arts as per the flyer above using the QR code, which will take you to the application form.

Stringbabies is taught in a group scenario, usually in groups of 2/3 and we also arrange the hire of the cellos for your child. They are timetabled within the school day, and I collect the children once I have had their timetables and agreed this with Mrs Haydock.

Each child will have a practice book for communication and what to be practiced each week and also a contact source between parent and teacher. If you need to contact me my email is Yvette.madden@surreycc.gov.uk.

Once we have the application, we can begin to organise your cello and timetable the lessons. I look forward to meeting your child and beginning their musical journey!

Kind regards
Yvette Madden

Other News

Gothia Cup - Year 6 & 8

Back in July, some of our previous Year 6 & 8 pupils travelled to Sweden to compete in the Gothia World Youth Cup.

Well done to Jack M, Freddie G, Clarice R, Bea B-H, Ayesha and Elsie L for their incredible performances - they had an amazing time!

Thank you!

A big thank you for all your kind wishes and wedding gifts. We had an amazing day!

Many thanks from Danny and Kelly.

LIBRARY

Reading Challenges and Snakes and Ladders

I do hope that you have all had a great summer and that you encouraged your children to take part in the two Library reading challenges. With the weather not being so favourable, maybe, the alternative was reading! I have certainly had a great response so far with entries, so, thank you to those that have already handed the completed forms in, and in some cases, prizes have already been chosen. Years 1 and 2 will be getting their prizes soon but there is still time for those that have not sent them in as the final day for accepting these in the library is **Friday 27th September** so, please remember to get them in by that date. Please attach any photos of your child/rens reading alongside any book reviews and pictures of reading in strange places etc.

Charges

Please can the pupils all remember to bring in their books that they had over the summer holidays as these are now due in. Sadly I am going to have to raise an overdue fee (£3) on any book that does not come in by each half term and not at the end of each term as we used to do. I am sad to have to do this but a lot of books are just not getting returned and this is spoiling it for those pupils who are requesting these books. Can I also please can I add, that any damaged books returned to the library will also have to be charged for. Please remind pupils to keep their drinking vessels away from all books.

Lisa Williamson

On Thursday the 10th of October, we will be welcoming the author, Lisa Williamson, to Hazelwood School for an assembly with Years 5 to 7 and afterwards she will be running workshops with Years 5 & 6. A communication regarding this visit will be sent via our normal comms to those parents in participating years regarding the purchase of her books. We are looking forward to welcoming Lisa to our school.
