

Hazelwood School

# THE NUTSHELL

Celebrating recent highlights at Hazelwood

14TH FEBRUARY 2025

Dear Parents,

What a busy end of the term it has been. Despite the cold weather, the children have been enjoying a wide range of learning opportunities, and we have so much to celebrate within our school community.

I am incredibly proud of two of our Year 7 & 8 Destination Imagination teams who earned 1st place at last Saturday's qualifying event in Egham and have now qualified for the Global Finals! Our Engineering Team and our Service-Learning Challenge Team both showcased their creativity, problem-solving and teamwork to earn their place among the top teams worldwide; schools had travelled as far as Turkey to compete. It gives me huge pride to see our School focus on real-world-relevant learning and being recognised and rewarded at such a highly competitive, international event. We are exploring the possibility of attending the Global Finals in Kansas City, but just qualifying for this stage is an incredible achievement!

The Hazelwood Swim Squad has been making waves with some fantastic performances from our U10-U13 IAPS swimmers. A significant milestone for Hazelwood was the debut of our first-ever boys' gymnastics team competing for the first time; the boys performed with confidence and precision, earning the highest ranking of all boys' teams in the competition! Well done everyone!

We are preparing for the Kerslake Robshaw Foundation Charity Concert on Friday 14th March and it promises to be a spectacular evening of music. We are incredibly fortunate that Camilla Kerslake will be performing and Chris Robshaw will be talking about their amazing charity, which supports young people to access musical and sporting experiences, no matter their background. Tickets will be on sale soon and we hope to see you there!

Have a wonderful half-term break and we look forward to seeing you back at school on Monday 24th February.

Best wishes,  
Lindie

Hazelwood School

# Spotlight

A huge congratulations and thank you to William and Gus for their fantastic drumming and percussion performances in the Year 4 play!

Their dedication, hard work, and incredible attitude made such a difference, bringing the play to life with live music. They gave up so much of their time to rehearse, and it truly paid off.

Well done, boys – you rocked it!

Hazelwood School

## Staff Spotlight

**Mrs Clark**  
**Head of English**

**WHAT DO YOU LOVE MOST ABOUT YOUR JOB?**

I love unlocking children's love of language. Last week's question 'How do you spell palaver?' gave me such joy! (Thanks, Charlotte B!) Olly B's *fear-infused eyes* was so beautifully expressed. I love it when sharing a text kick-starts heartfelt discussions about love, death, adventure, travel, driving or even the history of denim. When children rush to tell me about a book they've discovered, I love sharing that connection with them. And when they pour out creative and atmospheric ideas in ways I couldn't even dream of (that's you, Molly and Margot) my little cup of joy just overflows!

**WHAT MOTIVATES YOU?**

I confess that I became a teacher because of Julie Andrews! Mary Poppins and Maria Von Trapp both gave the children in their care useful lessons for life, a sense of structure and quite a few songs along the way. A spoonful of sugar really does help the medicine go down, and I try to find the sweetness in English activities so that everyone can have a go for themselves and feel proud of what they have achieved. I try to channel Maria's kindness, but I cannot claim to be practically perfect in every way. Mistakes make us human.

**HOW DO YOU MAKE A DIFFERENCE TO CHILDREN'S LIVES?**

It really matters to me that our pupils leave us with justified confidence in their English skills. They know how to structure writing tasks, use punctuation effectively and express their ideas in entertaining ways. There's such satisfaction in knowing that they can tackle whatever comes their way because of my lessons. And leavers frequently write back and tell me this! Recently, watching 40 fascinated faces at the Miller Theatre's production of *The Secret Garden* was so inspiring. Hopefully they will go on to explore more theatre - and classic literature - for themselves.

**WHAT ARE YOU LOOKING FORWARD TO THIS YEAR?**

I've signed up for the Reigate 10k in September (encouraged by Miss Dancy) so I'll need to dig out my running shoes. I have Wimbledon tickets - my favourite sporting event. Later this term, Year 8 will be reading *The Diary of Anne Frank* in playscript form. Every time I explore the experiences of her short life with our pupils, I am reminded of her perseverance and incredible sense of hope for humanity. A visit to the annex in Amsterdam is on my bucket list... maybe 2026.

Hazelwood School

# Nursery

## Wrens

The last two weeks, the wrens have been doing Smiley Shark (for Healthy Smiles Week) and pets. Last week, we explored a messy tray of toothpaste with toothbrushes, sharks trapped in ice, and we made shark hats and walked the plank! This week, we have made pet suncatchers, collage pet pictures, tried to catch the fish in the water with nets, and cleaned the muddy animals.

## Starlings

Starlings have been having fun exploring the jungle world! We have been learning animals sounds using our voices and using musical instruments to imitate too! We have been exploring fun tuff trays using different materials such as tissue paper, pasta tubes, oats, gloop and jelly with chia seeds for our crocodile swamp. The children enjoyed free playing with elephant play-dough, using different drawing tools for jungle pictures, building with mega blocks and lots more. Parrots, monkeys, tigers and lions have been made using paint and feathers. Starlings are currently spending their week looking at building friendships via exploring tuff tray, free playing together and making fun pictures!

Hazelwood School

# Nursery

## Wagtails

The wagtails have had fun learning about space and how we get to the moon. The children have enjoyed role playing getting into a rocket and then zooming to the moon. Wagtails have been making their rockets using different coloured shapes, rolling marbles around circles to make their own planets and making their own aliens using paper plates. They have also been making their own constellations and making star biscuits. Wagtails enjoyed watching a real rocket blast in to space and singing different space songs. They have been exploring the small world rocket play with different size space people. In the messy tray we have been exploring shiny ice play.

## Lower Robins

The children have been exploring the topic of shapes. We discussed how shapes can be found in everyday objects. Additionally, we introduced our new sound of the week: 'i'. The children enjoyed looking at pictures of items that begin with this sound.

Last week, we celebrated Healthy Smiles Week. The children participated in a tooth brushing challenge, which prompted discussions about the importance of brushing our teeth and eating healthy foods.

We celebrated Valentine's Day by engaging in craft activities, including cutting out hearts. The children also created Valentine's cards for their families.

# Nursery

## Upper Robins

Last week we focused on Healthy Smiles, the children had a fantastic time learning how to keep their teeth clean and happy! We incorporated various activities where they practised self-care routines and mastered putting on their shoes and socks. Additionally, we explored healthy eating and discussed the different emotions we encountered in our daily life.

This week in celebration of Valentine's Day, we are excited to combine this theme with red and pink colours. The children had the chance to explore emotions through stories and sensory play activities in the tuff tray and showed their mark making skills and pencil control with Valentine's Day pencil control sheets. We also made Valentine's Day cards and talked about the ways we show love to others, as well as why we exchange cards on this special day.

## Skylarks Orange

The Skylarks have had another wonderful couple of weeks! On Monday, we were delighted to welcome a dentist who gave an informative talk on "How to Care for Our Teeth." The children learned various ways to maintain clean and healthy teeth. She recommended brushing twice a day for two minutes using either an age-appropriate manual toothbrush or an electric toothbrush that can time the two minutes for them. The dentist also advised the children to limit sugary snacks to occasional treats and to visit their dentist for check-ups twice a year.

Additionally, the Skylarks enjoyed making their Valentine's cards for their families. We explored books about love and friendship, which inspired the children to create a variety of designs for their cards. They also practised writing their names inside the cards. Great work, Skylarks!

## Skylarks Green

We completed our focus on Chinese New Year with some group dragon dancing on the grass area, noodle sampling using chopsticks and Chinese lantern making, all these activities reinforced the children's understanding of the world in a visual, hands-on way. The following week we concentrated on our self-care, particularly keeping our teeth clean and healthy, as we fully embraced 'Healthy Smiles Week'. We practised our brushing techniques, role played in our dental surgery, made a giant toothbrush, and had a talk from a local dental nurse teaching us all about caring for our teeth and healthy eating. In support of NSPCC 'Number Day', there were plenty of counting and number and shape recognition activities, number rhymes and number games on offer, all designed to consolidate the children's numeracy skills in a fun, relaxed way.

This week love is well and truly in the air as we look ahead to St. Valentine's Day. Not only have we spoken about who we love (and why), explored the textured heart tray and shared stories about love and kindness, we have also learnt the importance of our own wellbeing, even having time to relax in our own little Skylarks' Spa!

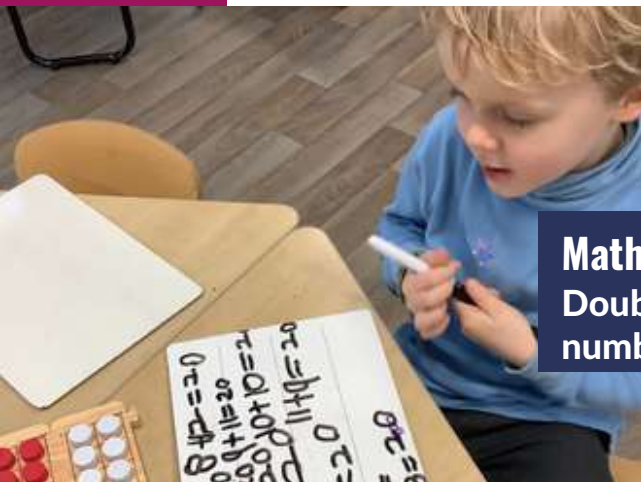

Hazelwood School

# Reception

## Crash landing of rocket

An alien named Zoop has crash landed at our school! He has been leaving us letters, and we have been responding to him. Through our correspondence, we have discovered information about his home planet, as well as his favourite foods and toys. We were thrilled to watch a video of Zoop taken at the swimming pool.

## Maths

Doubles and exploring number bonds.

## ROCKET BUILDING

Working as a team, the children decided to build a rocket as high as they could.

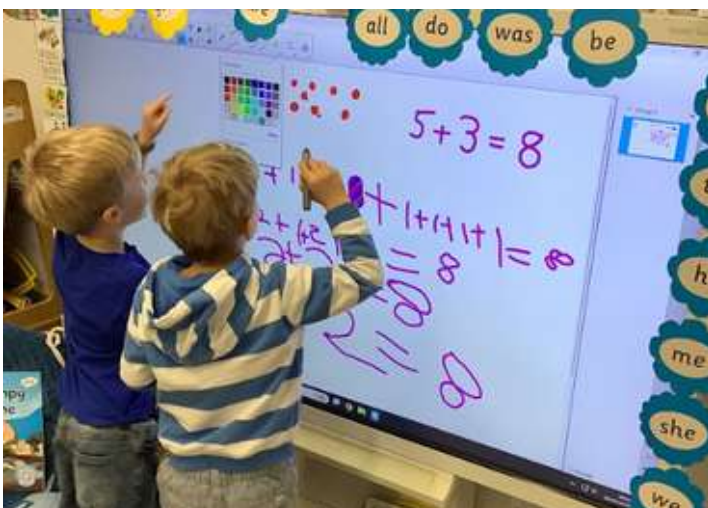

# Reception

## Number Day

The children enthusiastically demonstrated their maths knowledge during our NSPCC Number Day.

They arrived dressed in outfits featuring patterns, shapes, or numbers and engaged in a variety of mathematical activities. These activities included decorating biscuits to illustrate the concept of part, part whole; programming a Beebot to rescue aliens; creating a foot measure and using it to measure different objects around the classroom; exploring symmetry through paint and paper folding; making toast tangrams to form various shapes; and enjoying addition games together.

We concluded the day in The Box, where the children had a wonderful time showcasing their mathematical learning on the Lego wall and drawing on the whiteboard tables and walls.

## Science

In Science, we have been putting our sense of smell to the test! We had fun smelling the various aromas and some funny faces were made while sniffing pickled onions, but we were quite impressed with how accurately we could identify different scents without seeing the items. Thankfully, there were some more pleasant smells to enjoy too!

## Art

This week, 1S had a great time creating and showcasing their Flat Stanley models, alongside their Aboriginal-style paintings of Australian animals. They enjoyed the painting technique so much that we decided to use it to make Valentine's Day cards, and the results were simply beautiful!

## Maths

Our Maths explorations in "The Box" was a big hit this week. We extended our addition and subtraction skills, delved into place value using the Lego wall and whiteboard wall, and solved tangram puzzles — even creating a pyramid with the pieces. We also played a fun game where we "splatted" meerkats in the desert while counting in twos. The language of maths was flowing all around, and the students continued to talk about their explorations well into the day!

Hazelwood School

# Year 2

## AUTHOR VISIT

Year 2 loved being part of the author visit on Tuesday. Jenny McLachlan took us through being an author, the plot of her new story book that is yet to be published and what we all need to do to be a creative writer!

## Forest School

## Maths

It was wonderful to have a visit from Mr Freeman-Jones, who was giving Cooper his certificate! Well done to all of Year 2 who work so hard on embedding their times tables!

## Maths

In Year 3, we have been learning about capacity and measuring liquids in l and ml. As part of the learning, Year 3 used the science laboratory to accurately measure different amounts of water.

## Story Sharing

Over the last 2 weeks, Year 3 and 4 have been working incredibly hard on writing stories: their own Greek Myths and the ending to Leon and the Place Between. On Wednesday, they shared their stories with a partner and gave each other compliments on their work.

## Greek Modelling

As part of our Greek topic lessons, the children chose an area of Greek life they'd like to research and then created models out of Lego and Playdoh to show what they'd learnt.

## Maths

Drawing angles

## Friendship Song

Some children have chosen to spend their break time with Caryn and have created a brilliant song called 'Friend'. The children created the lyrics and have based it on the song 'Help' by the Beatles after their recent Year 4 Play. The children performed it to Year 2 this week!

**Friend!**

**Chorus:**

**Friend!**

**We'll work it out together,**

**Friend!**

**Through every stormy weather,**

**Friend!**

**We learn and grow each day,**

**I'm so glad you're here to stay!**

**When we disagree,**

**We can talk it out, you see,**

**With your voice and mine combined,**

**We can find a way to shine!**

**Verse**

**When things get tough,**

**And the road feels kind of rough,**

**We can share what's on our minds,**

**Finding solutions that are kind!**

**Chorus:**

**Friend!**

**We'll work it out together,**

**Friend!**

**Through every stormy weather,**

**Friend!**

**We learn and grow each day,**

**I'm so glad you're here to stay!**

**With patience and respect,**

**We can build and connect,**

**Hand in hand, we'll find our way,**

**Let's make it a brighter day!**

## SDG 2025 CHALLENGE

Our pupils have been challenged to create/design/invent something to solve a problem highlighted by the UN Global Goals.

Year 5 have been working hard on their project, with the aim of making sure women and girls have the same opportunities and rights as men and boys in every part of life.

**What does gender equality mean to you?**

## DT

Year 6 have been helping Mrs Fuller in DT make giant playing cards for the Year 6 play.

Thank you for your help at painting the props for the play. Special thanks to Chase, Karl, Henry, Joe Brundle, Brown and Isla.

## Science

In Science, we have been learning about light rays. We blacked out the lab and used mirrors to reflect light to illuminate our toy car.

## Primary Maths Challenge

Well done to all of our Primary Maths Challenge pupils who completed this national event in November.

It has taken a while to find a moment to present the Primary Maths Challenge certificates to so many of our super mathematicians in Years 6 and 5. We must also commend those in Miss Dancy's Year 4 class who were brave in taking on this challenge for the first time, as was Rupert in Year 2 who was not too far away from a Bronze certificate!

**Gold**

George G, Chloe C, Imogen P & Maxwell C.

**Silver**

Ella J, Henry S, Samuel P, James P, Oliver P, Thomas J-T, Yuv K, Eva L, Evan M, Fyfe H, Luke P, Oliver H, Richard B, Robin L, Will H & William C.

**Bronze**

Evelyn Y, Georgia T, Henry I, Jack G, Karl F, Lana H, Milo V-B, Rose S, Alex P, Chloe N, Edward J, Liam H, Libby C, Ollie N, Olly B, Rohan T, Thomas N & William L-J

## English

Year 7 have been writing short stories with a gothic flavour, incorporating atmosphere and descriptive techniques. Read if you dare!

**Molly B:**

A low, sound filled the room, as though the walls themselves were speaking; they murmured an incantation, a warning, or perhaps a curse. Suddenly, the candlelight flickered violently, casting grotesque shadows that twisted and grew, stretching out in the darkness.

**Felicity M:**

In the middle of the moonlight darkness, once called pain and suffering but now called night, three ghostly knocks reverberated through every marbled wall, lofty, locked door and overgrown exit. As an eerie mist covered the prowling moon, an intoxicating storm raged on, covering a gaunt stranger in shadow.

**Logan S:**

The eerie oak door seemed to strike doom into me, as if its rotting oak had been inflicted with an ancient curse. I only then understood why the innkeeper called it 'the red room'. Its blood-red paint, shrivelled and tattered, hinted at its gloomy, mysterious interior. I swallowed hard.

**Charlotte C :**

Daunting howls grew louder and louder until the menacing creature was so close that its dismal shadows loomed over my vulnerable figure. Blinded by tears of bewilderment, I raced away from the howling gales and the treacherous creature towards a dark and menacing castle.

**Samuel C:**

Through the malevolent mist, I spied a derelict structure towering above me and I was intoxicated by its disturbing appearance. Flickering flames surrounded the building and as I looked at the leaded windows, an eerie silhouette banging on the dirty glass. I held up the candelabra and noticed with unease that the eyes of one of the old portraits seemed to follow me around the room.

**Jacob P:**

He strutted down everlasting, lanky hallways and past monstrous gargoyles which seemed to interrogate him with their stone cold eyes.

**Ran J:**

Regal curtains flapped like the wings of a soaring kestrel. The wind wailed like a melancholy banshee, propelling any creature unlucky enough to encounter it.

**Flo M:**

When morning arose, not even a wink of light was shed on the prehistoric structure, but by morning, I was nowhere to be found. Not even a dust trail behind me but mounds of piercing shards of glass stabbing deep into what remained of this fortress. After my departure, every flower wilted and every tree was bare and grey. Yet the large tower was left as it was on my arrival.

**Amelia J:**

Moments later, the unsturdy door creaked open revealing a narrow, candle-lit corridor with faded portraits whose eyes seemed to follow his every move. He called out, but his voice was swallowed by the eerie silence.

**Charlie JT:**

Like a silent ninja clothed in dark, tight apparel, sinister, menacing shadows from the foreboding fire inaudibly crept up the opulently patterned wall. The isolated, friendless traveller rode silently across the barren, burnt land. Screeching madly, he instantly disappeared into tempestuous, unbearable winds, leaving only a stained scrap of his threadbare cloak behind; however, even this was swept up immediately by the bloodthirsty, monstrous wind.

**Margot W:**

With painstaking prolongedness, the tenebrous door groaned ajar. Recoiling back in blood-curdling horror, Edith regarded a gaunt and pallid arm. Half-eclipsed by melancholy shadows, a slender hand made a luring gesture. Perhaps it was a sincere gesture of warmth, or of deceitful welcome...

**Daria M:**

It was not a man, but the strange, distorted face of one. James felt a cold finger trace up his spine as the face stared down into his soul. What troubled him most, the thing that he couldn't forget, was one question: Who knocked on my door last night? Or was it just a tree branch hitting a window? Or him.

**Callum P:**

Dwindling in the night, a withered person sat delicately in a stagnant chair. Trembling with visible fear, I scooted myself away from the shrivelled half-human whilst it blindly searched for me. As it evilly pulled its arm back for a fatal blow, Timothy dived forwards and sent it lifelessly flying back.

# Year 7

## Alice graffiti art!

## English

Year 8 pupils wanted to show their love for English revision.  
Happy Valentine's Day!

Roses are red  
Violets are blue  
Use sentence openers  
And commas too.  
Mrs C

Roses are red  
Violets are blue  
If you forget capitals,  
Gus will kill you!  
Gus

Roses are blue  
Violets are red  
If you do your work,  
You can go to bed.  
Harry S-H

Roses are red  
Violets are blue  
Use your ISPACE  
And semicolons too.  
Ioan H

Roses are red  
Violets are blue  
Use SPAMO  
And it will help you!  
Annabel R

Roses are red  
Violets are blue  
Nouns can't be naked\*  
And neither can you!  
Joseph E  
\*naked nouns need  
adjectives to 'dress them up'

Roses are red  
Violets are blue  
Problem, Panic, Phew Will  
be useful to you.  
Katie B

Roses are blue  
Violets are red  
Check through your work  
And you won't end up dead!  
Ted B

## Surrey Schools Gymnastics Competition Report

Hazelwood School made an impressive mark at the Surrey Schools Floor and Vault Competition, with both our U9 girls' team and our first-ever boys' gymnastics team achieving outstanding results.

### U9 Girls' Team Success

Our U9 girls' team—Imogen H, Kassie K, Nieve M, Jessica N, and Margot K—delivered a fantastic performance, finishing 6th overall in a highly competitive field. A standout moment came from Imogen H, who secured 4th place on the vault out of 54 gymnasts, a remarkable achievement in such a large and talented group. The girls demonstrated excellent composure and skill, showcasing the hard work they have put into their training.

### Historic Achievement for Hazelwood Boys

A significant milestone for Hazelwood was the debut of our first-ever boys' gymnastics team—Leo C, Max C, Joe B, Jack G, and Arthur S. Competing for the first time in this event, the boys performed with confidence and precision, earning the highest ranking of all boys' teams in the competition! Their dedication and perseverance paid off, and they should be incredibly proud of their achievements.

Congratulations to all our gymnasts on their fantastic results—we are incredibly proud of their efforts and achievements!

## Netball

Our U13 IAPS team showed incredible determination and skill throughout the tournament. After a challenging group stage, they advanced to the plate competition and played outstandingly well all day. They reached the plate final in what turned out to be an intense, high-scoring match. Although they finished as runners-up, their performance was nothing short of fantastic. A huge congratulations to the girls for an amazing season! Now, we're excited to kick off the football season.

## Downsend Swimming Gala

On Monday evening, following the excitement of the IAPS competition, our swimmers took to the pool once again for a thrilling gala against Downsend School. It was a closely contested event, with both teams delivering outstanding performances. In the end, Hazelwood finished just 10 points behind, 159-149, an incredible result given that Downsend has three times the number of swimmers in Years 7 and 8.

Every single swimmer gave their all, the team's effort and spirit were remarkable, and I could not be prouder of how they competed.

A special mention goes to Imogen Humphrey and Mikhail Popov, who both set new school records, further highlighting the incredible talent within our squad.

Well done to everyone involved—it was a fantastic evening of racing, and we look forward to building on this performance in the upcoming galas!

## IAPS Swimming Event

Our U10-U13 swimmers had a fantastic day at the recent IAPS swimming event, putting in strong performances across the board. Their effort and dedication were clear to see, with some outstanding individual and team results.

A total of eight school records were broken in individual events by Campbell C, Esme C, Imogen Z, Mikhail P, Ralph L, Max C, Sam B, and Charlotte S. Alongside this, our relay teams put in excellent performances, highlighting the depth of talent in our squad.

We now look forward to April 28th, when the results will be released, to see which swimmers have qualified for the National Finals on June 7th.

## Autumn Half Term Sponsored Read

Congratulations to those pupils who raised money with the Usborne Sponsored Read. Because of your dedication we raised over £3500 and each of the following schools (Bletchingley, Godstone and Tatsfield) will each be given over a £1000 worth of books. I am sorry that the pupils have not yet recieved their prizes for taking part but this was due to one of the schools not giving us their final lists in time. All pupils will be rewarded on our return to school after the half term break.

Well done and thank you to the following pupils :

Alex J, Aryana, Chloe C, Clara, Emilia L, Emilie Lea, Evie Y, Georgia D, Harper S, Imogen Z, Isabella CR, Isabella S, Isla S, James Ev, James P, Jude, Kiran, Lauren S, Leo Co, Lily H, Luke B, Max R, Max U, Maya T, Melody S, Molly T, Oliver P, Olympia, Poppy F, Rachel M, Sienna C, Sophie B, Thomas S and Violet H.

### Author Visit

What a treat we had when Jenny came in for the assembly last week. She brought in a Dragons egg which with the help of the pupils hatched in her bag. By the end of the assembly, in which some of our pupils acted out the start of the Land of Roar book, the dragon had grown! and I mean really grown. Pupils then met Jenny in the library when they chatted so happily with her about the books.

### Author Visit

Carrie Sellon, the uthor of the Pizza Pete series, will be at Hazelwood School for an assembly with Years 1 to 6, workshops with the Years 3 and 4 pupils and a story reading time for Reception.

Carrie previously worked in television making wildlife programmes and has written scripts for known presenters including Sir David Attenborough. The last day for ordering books will be Wednesday 26th February.

## DATE NIGHT WITH A BOOK

We do hope your children have enjoyed bringing home the 'Blind Date' books. Remember all books are to be opened at home and are the property of the library so much be returned once read.

Please discuss the books with your children and encourage them to read all the way through. Five house points will be awarded to those who read the whole book and can tell me about the story.

## Pig Heart Boy - Stage production

The stage production of Malorie Blackman's novel about a boy who desperately needs a new heart and is offered the opportunity to take part in a radical and controversial experiment involving the transplant of a pig's heart is now on stage! It was shortlisted for a Carnegie and has already been adapted by the BBC into a BAFTA -winning TV series. It's suitable for ages 9-13 years and is showing at the Unicorn Theatre in London until Sat 22nd Feb.

## WORLD BOOK DAY 6TH MARCH

Pupils will have be given during this week their £1 WBD voucher to spend on a book. They will also be given on or before the 6th March one of the World Book Day books from the Hazelwood Library(subject to supply.) All years from Reception to Year 6 can come in as a character from a book.

Please get pupils to try to make their costumes and use the charity shops to source their outfits. Maybe over the half term this could be a fun project for you to do with your children! There will be prizes for the best outfits (2 per class).

Early pick up to suit younger ones

Book Now at: [www.showtime.london/store](http://www.showtime.london/store)

ALL Holiday Clubs are at:  
Churchill School, Ryssed Lane, Westerham TN16 1EZ

By all means share this information with friends and other parents, our  
Holiday Clubs are not exclusive to our Showtime students. Booking is easy by  
"clicking" on the store button on our website [www.showtime.london](http://www.showtime.london). Once  
you have paid your booking is confirmed. Remember to bring plenty to drink  
and hot messy snacks (no peanuts) and wear suitable clothing.

Our experienced teachers have all worked in the industry and are DBS  
enhanced. In addition to having lots of fun and learning new skills, your  
children will make new friends.

Contact Melinda if you have any questions about any of the above, or about  
joining Showtime on a regular basis at a venue near you.

## St Peter's Messy Church this Sunday

This Sunday 16 February there will be a Messy  
Church at 3pm in St Peter's Limpsfield. If  
you're not away for half term then do come  
along to enjoy lots of crafts on the theme love

So that we can plan all the activities, please  
email [stpeterschurch.lttm@gmail.com](mailto:stpeterschurch.lttm@gmail.com) if you  
are able to make it so we know how many to  
expect.

Also, just a reminder that our parent and baby  
group still happens every Tuesday morning  
from 11-12.30pm in St Peter's Hall. If you, or  
anyone you know has little ones then do pop  
in for a coffee and chat. There's always  
refreshments and a large mat, toys and space  
for babies and little ones to play.
