

30TH JUNE 2023

The Nutshell

Hazelwood School

THE LATEST NEWS AND UPDATES FROM HAZELWOOD

Compassion. Courage. Respect.

Dear Parents,

The atmosphere outside is filled with a festive feel as we prepare for the arrival of our families for the annual picnic concert. The children are humming ABBA medleys after this morning's rehearsal. This event is an all-inclusive, fun, and light-hearted concert for our young music enthusiasts. Music will be performed from Taylor Swift to ELO, Bobby McFerrin to ABBA and Matilda. The evening promises foot-tapping entertainment for everyone. The visit from the inspectors last week gave us the opportunity to showcase everything that we are incredibly proud of at Hazelwood. Thank you to those who took part in the questionnaires that we sent out on behalf of the inspection team. The children and staff across both sites were brilliant throughout the process, and I cannot thank them enough for their contributions during those few days. The inspection reports will be with us over the summer, at which point we will be in a position to share the outcomes with you.

I am delighted that our recent Sports Day for Year 3-8 students at K2 Crawley was such a tremendous success. The event was a resounding triumph, highlighted by an impressive 7 existing school records broken and with new events throughout the day, several new records were set! I would like to congratulate Mrs. Moon and her team for their exceptional organisational skills in making Sports Day such a memorable and enjoyable experience for all participants. Furthermore, I want to thank our staff and pupils for their efforts and achievements during the event. It is truly a testament to their commitment and enthusiasm.

Looking ahead to the next academic year, we will be returning to the Hazelwood site for both Prize Giving and Sports Day, which are scheduled to take place on the same day. This arrangement aims to accommodate our busy working parents, allowing them to take only one day off from their demanding schedules whilst also creating an action packed day for our community to come together. However, we all enjoyed seeing our athletes enjoy the facility, and I am sure we will explore opportunities to enhance our athletes' training experiences by utilising the facilities at K2 during the summer term in the future. Watch this space!

At the end of this term, we will be saying goodbye to our School Counsellor, Nicky Stewart. After nearly ten years of dedicated service at Hazelwood, Nicky has made the decision to focus solely on her private practice. We will truly miss her presence and wish her every success in her future endeavours. Nicky is currently assisting us in the process of appointing a suitable replacement, and she will continue to work remotely with some members of the leadership team next year, ensuring a seamless transition and allowing us to continue benefiting from her expertise.

Lastly, I am delighted to share the news of Mr. Will Fagg's appointment as our new Deputy Head (Prep). I am certain you will join me in congratulating him and wishing him every success in his new role.

Today's Nutshell reflects the abundance of activities and accomplishments that have taken place over the last 10 days. I hope you enjoy the glimpse into the children's experiences across the age groups, from Perspectives week photos to various performances, dance shows, gymnastic displays, and much more.

I look forward to the opportunity to meet many parents next week; do look out for the Art, DT and Graphics exhibition in the TOSH if you are on site for an event!

Wishing everyone a fantastic weekend.

Best wishes

Lindie

PERSPECTIVE WEEK

Please view all photos in the **GALLERY** section of My School Portal

NURSERY & EARLY YEARS

Fledglings 1

The Fledglings 1 have had lots of fun learning about pirates. They have been making their own treasure maps and going for a treasure hunt around the garden. The children have enjoyed making a shape pirate ship and decorating their own mermaid with bubble wrap. They have also been looking at sinking and floating and counting pirate ships. The children had fun making a big treasure chest using different shiny pieces of paper. Fledglings 1 enjoyed dressing up as pirates and dancing to different kinds of pirate music. The children have had fun with feathers when making their own parrots. Fledglings 1 have enjoyed making their own pirate pizza treasure map using different ingredients. They have also been matching shapes to a pirate helm, listening to pirate stories and exploring boats and message in bottles water play.

NURSERY & EARLY YEARS

Fledglings 2

I'm late, I'm very late, it's time for tea! Fledgling's 2 have had lots of fun learning about Alice in Wonderland! The children have been busy with lots of cooking activities! They have enjoyed making their own heart shaped jam sandwiches and making yummy fruit kebabs too! There has also been lots of different messy play activities that the children have loved exploring, they have been making their own cups of tea, cupcakes with cotton wool, flour and sprinkles, furthermore, they have been mixing colours together in the water tray and making potions too! The children have also enjoyed matching colour bears to a chess board and have been counting all of the roses on a rose bush! The children have been really creative making their own heart shaped wands and decorating their own crowns too. They have also been visiting the wigloo where they listened to the story and went on a hunt for different coloured hearts. There have also been many opportunities to explore the White Rabbits magic hole into wonderland and have a tea party with Alice and her friends! And to end this fun filled week off, the children enjoyed dressing up as their favourite characters from the story!

NURSERY & EARLY YEARS

Lower Robins

Over the past couple of weeks, our theme in Lower Robins has been Summer Holidays. The children have loved collaging using coloured materials and edible sprinkles to create their own ice lollies. We have also been using children's scissors to cut out pictures from holiday brochures and have used these to design our own postcards. The children have had lots of fun splashing in coloured water play in the garden and have been practising filling and emptying buckets in the water. We have also been exploring apple and peach scented cloud dough and have used this to make pretend ice creams to role play with our peers. At circle time, the children have taken part in group discussions about our favourite places to visit on holiday and what we like to do when we go on holiday.

In our Take Art sessions, the children took part in some large scale painting on paper, cling film and a cloth material. The children were encouraged to explore mark-making freely using a range of sponges, brushes and tools.

NURSERY & EARLY YEARS

Upper Robins

Last week in Upper Robins the children really enjoyed learning about space and the different planets in the solar system. They have loved making rockets using different shapes incorporating a photo of their self inside the rocket on the way to the moon and they will also be sticking different body parts together to make their very own astronaut. Also, this week the children have enjoyed practicing their cutting skills to cut out the different planets, make their own moon using paint and foil to make a lovely texture on the moon and exploring our very own handmade moon sand with the rocket and different people. The Robins room and the Patterson hall has been filled with the sound of music and song with the Robins children preparing for their summer concert.

This week in Upper Robins we have continued to learn about the topic of space, the children have really enjoyed creating their own Aliens by using different coloured paint and a straw to blow the paint in different directions, creating lots of different shapes and mixing the colours together to create other colours. Also, this week the children have continued to learn about the different planets in space by creating their own planets using different sized balloons and paint, they have been counting rockets, finding the missing number in the sequence and recognising the numbers. The children have also particularly loved exploring our sensory space box by feeling the different textures and guessing what the object is. This has been full exciting events for the Robins children to take part in and watch. The first event of the week was our Robins summer concert which the children were very in excited to take part in, they children did exceptionally well with singing the songs and playing different instruments in front of all their family and friends. The Upper Robins children have also really enjoyed watching Skylarks dress rehearsal for their summer concert and to round off the week the children are looking forward in participating in different races on Friday for sports day!

NURSERY & EARLY YEARS

Skylarks - Green

Last week the Skylarks Green have been learning all about jungle animals and to extend their learning we looked at the book *Handa's Surprise*. This book gave the children the opportunity to learn about different lifestyles, animals and fruits! The children really enjoyed tasting the fruits from the book!

This week the children have been learning about 'Pirates'. They have been making pirates hats and using the tea bags to design their treasure map. They have explored a tray that was set up with different treasures and sand, digging for treasure! We have also learnt facts about pirates and sang some songs about pirates and the children learned lots of pirate words, like crows nest, rigging, walking the plank, cutlass.

NURSERY & EARLY YEARS

Skylarks - Orange

Another week of exploring the jungle has meant we have been on a jungle hunt! The children were given clues as to what the animal may look like or where it likes to live, they then had to think about where we may find them on the site such as the snake in the tree and the crocodile at the pond! The children each made their own snake either by cutting and painting a paper plate into a spiral or by making a paper chain!

Arrrrrgh! The pirates in Skylarks had a fantastic time exploring the theme of Pirates this week! They have been dressing up, using maps to explore and weighing coconuts in the sand tray! We have all made our own pirate maps and a pirate dropped a special map to us so we could find some treasure! We had to follow the clues and look for numbers as we went, at the end we listened to a riddle that told us where to find the treasure and of course it was on the pirate ship!

OAK

Reception Class

For Perspective week, Oak answered the question, "Why is the world so special". Each class researched a different country based on the children in the classes. We looked at France, Tanzania and Sweden. We learnt about their geography, capital cities, animals, weather and even important people and events. Each class had an expert come in to teach us more! It was fantastic! On Friday, we shared our learning with Skylarks and the experts and showed everyone in Oak so we could answer the key question.

Oak had a delightful teddy bear picnic at Chestnut. The kids listened to a story about an old bear, and some of the teachers showed their bears. Afterwards, they had a teddy bear treasure hunt outside, which was related to emotions and was thoroughly enjoyed by the children. Then, they had a wonderful picnic on the grass in the Chestnut playground, and the bears enjoyed the lovely feast!

In our topic, we have been looking at our own journey. We have talked about the change from baby to toddler to child, and they have discussed what they are excited about when they are in Chestnut. The children shared pictures of themselves at those ages, and we wrote sentences about each photograph.

YEAR 1

Perspective Week

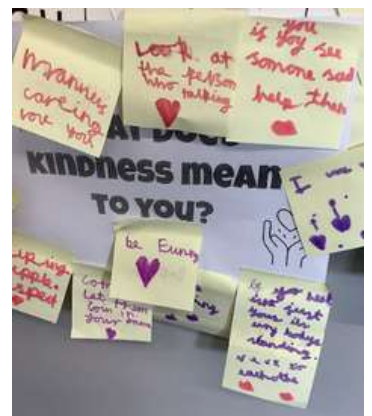

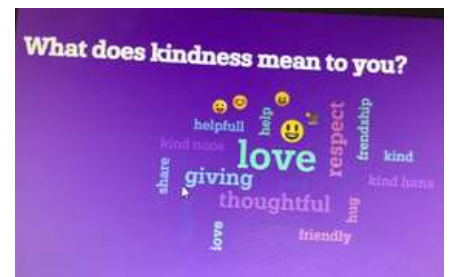

During this immersion week focusing on perspectives, Year 1 were tasked with exploring the question: can kindness change the world? To delve deeper into this, the children explored what kindness means to them and researched other people who have shown kindness in a variety of ways throughout history and in the present day.

The pupils then found out that on the Friday of the immersion week, they would be hosting a Kindness Fair for the Year 1 pupils at Hurst Green Infant School to spread kindness in a range of ways and see if their kindness could change the world.

Throughout the week, Year 1 created: kindness acrostic poems, a kindness song with sign language, kindness cakes, kindness murals, random acts of kindness and a comparative survey to evaluate whether they had spread kindness to the pupils at Hurst Green Infant School.

It was a thoroughly enjoyable week and the Kindness Fair was the perfect showcase to demonstrate how kindness can be spread, and in so many different ways. The pupils at Hurst Green Infant School had an incredible time and felt very special after receiving so much kindness from the Hazelwood pupils. The week was finished by performing the kindness song they had written with Al Start to their parents, grandparents and carers in the glorious sunshine.

When reflecting on their week, the pupils in Year 1 thought they had a greater understanding of different ways to show kindness and the impact of it, and were able to answer their initial question: can kindness change the world? Happily, with an overwhelming, "yes!"

YEAR 1

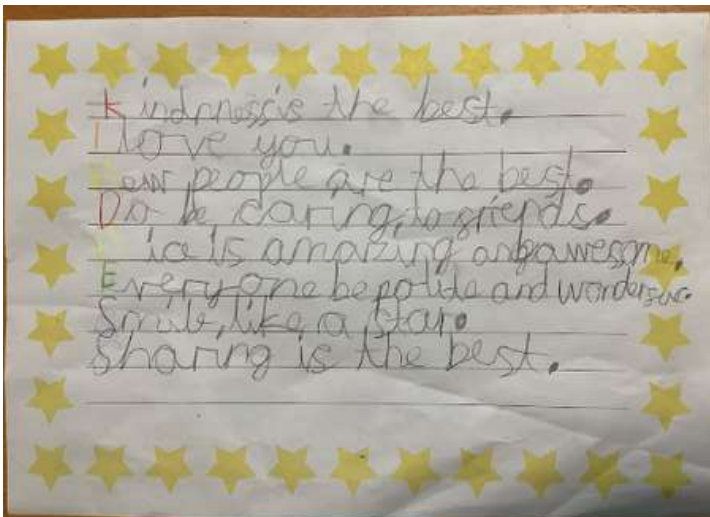

Perspective Week - Kindness Art

Perspective Week - AI Start

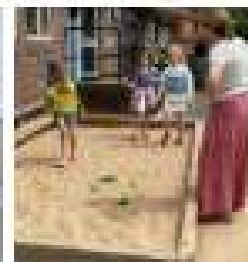

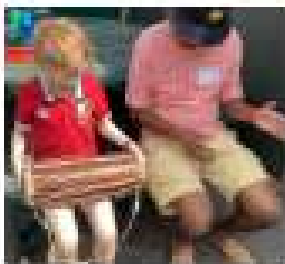

Perspective Week - Acrostic Poems

YEAR 2

Perspective Week - International Day

As a final celebration of Perspective Week, when Year 2 investigated the question 'What is Diversity and is it important?', the children were able to 'travel the world' at our International Day fair. There were a total of 11 different country stalls and the children sampled, with great enthusiasm, a variety of different cultural foods, music and activities. The fair highlighted the rich diversity of the different countries and cultures of our world. We were so delighted to have such fabulous support from the parents - Thank you!

YEAR 2

The Bee Musical

What an amazing experience! To put on our own play!

We chose a play that linked to our learning in science. Although rehearsals did take a little time from normal lessons, we:

- learnt our lines;
- practised expression and volume when speaking;
- concentrated on delivering our lines at the right time;
- worked as a team;
- made our own scenery;
- helped sort costumes;
- learnt new songs;
- listened carefully to instructions;
- enjoyed being actors.

YEAR 3

Perspective Week

During Perspective Week, the Year 3 children were posed with the following question: What is so great about the world? To start our project, we were visited by Mrs Claire Bowman. Mrs Bowman is the founder of 'Four Corners Travel', a travel agency with a focus on sustainable travel (<https://www.fourcornerstravel.co.uk/> / claire@fourcornerstravel.co.uk). Mrs Bowman spoke to the children about environmental damage caused by travel and some of the possible solutions. The children were fascinated by this topic and throughout the week they undertook extensive research on sustainable travel options. They learned about the unique features of 6 key travel destinations across the world and the need for their protection: Madagascar, The Great Barrier Reef, The Alps, Spain, Lyme Regis and The Lake District.

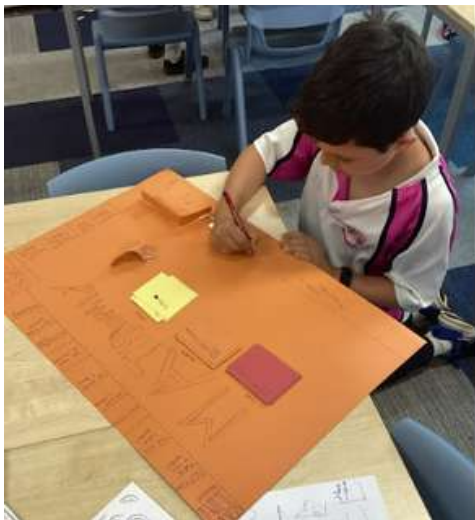

The children's learning encompassed a wide range of curriculum areas, e.g. in Maths, they analysed data on environmental damage in 6 popular tourist locations across the world, then created their own bar graphs to depict their findings. In Graphics, Mr Hayes helped the children to design and create their own posters and banners to market the different locations. In English, they used their persuasive writing skills to write travel leaflets to promote sustainable travel. Our week culminated in the Year 3 parents visiting the children's fabulous sustainable travel fair.

YEAR 4

Maths

In Mrs Herbert's Maths class, students have been recapping all the topics they have learnt this term by creating their own board games with a range of differentiated questions to test the participants. Let's hope they finish them in time to play them next week!

Paper Aeroplane

Mrs Nash's maths group have taken the opportunity to create their own paper aeroplanes and discover how far they can make them fly with different designs. They have measured the distance flown down the corridors and will use this data to create graphs. We have also discussed what a good throwing angle might look like ... is it acute or obtuse?

Prized Potato!

After several weeks of religious watering, it was time to reveal which form in Year 4 had grown the most potatoes. Students rummaged carefully through the soil, extracting every prized potato and after a tense weigh-in, 4H emerged victorious! Perhaps the kitchen can use the potatoes to recreate our "A-peeling Potato Salad" from Perspective Week!

YEAR 5

Bookends

Year 5 tr have just completed their timber bookends. They have used mitre saws, coping saws. All hand made using excellent wood working skills. The have also created their own designs using inspiration from modern art

YEAR 6

Structures

The year 6s have been looking at structures in DT. Looking at frame structures and learning about triangulation.

We have discovered it is the strongest shape. So they were set the challenge to build the tallest, most attractive, well designed strong tower with 40 art straws and 2m of tape. They designed a structure in a team and then began to build in 45 mins.

They all worked well as a team across the year and considered where triangulation should be used to ensure their designs were successful and aesthetically pleasing.

YEAR 7

Theatre Trip

Year 7 travelled up to London by train to the Fortune Theatre to watch an incredible production by SplitLip theatre company.

It was a masterpiece in acting with beautiful songs sung in four part harmony. All five actors played over thirty five roles, switching between parts seamlessly. The way they moved props, sets and changed scenes in seconds was astonishing.

The play was a comedy take on the original film 'The man who never was' and it held our pupils attention all the way through.

The choreography was sharp and precise, the singing was fabulous, and they were very funny.

Year 7 were a pleasure to be with and enjoyed the trains, the walk and the whole London theatre experience. Thank you to the staff who helped to supervise them, and thank you to SplitLip for writing and performing such an innovative piece of work.

Mrs Housego

YEAR 7

Murder Most Macabre

Duncan, our gracious King of Scotland, has been violently murdered at Glamis Castle, the home of the Macbeths.

Last Saturday night, King Duncan was found dead in his chamber after a banquet celebrating Macbeth's achievement of becoming Thane of Cawdor. Macduff, one of the King's loyal advisers, was horrified to open the chamber and gaze upon the bloody corpse. He said, "The news is so shocking it could kill a delicate lady!" It has been rumoured that this dreadful deed was performed by one of the royal guards.

Macbeth, who hosted the banquet, was furious to see the royal guards covered in blood and blood-stained daggers on the King's pillow. He slaughtered the guards because he felt it was his duty to have revenge for the king's death.

Castle guest, Lennox, a young Thane, told us about how eerie the night was, "Chimneys started blowing off houses and unusual noises echoed through the castle last night." Lady Macbeth also exclaimed in shock, "How could this happen in my house? We were all enjoying such a wonderful occasion."

As investigations proceed, the latest news is that a search party is scouting the area for Malcolm and Donalbain, King Duncan's sons, after they escaped the scene. Have they fled in fear of the horrific murder of their father or was their guilt too much to handle?

By Kit A.

7A created free frames to show how Macbeth is described in Act One of the play.

"Brave Macbeth" - "Valiant cousin" - "Worthy Gentleman"

YEAR 8

F1 Careers Insight Day

Visit to F1 Media & Technology Centre at Biggin Hill

On Monday the 26th June, Year 8 embarked on a Careers Insight trip to the Formula One Media & Technology Centre (MTC) in Biggin Hill.

During the trip, we had career talks from different people who work at the centre. We heard from a QA Engineer, a Health & Safety Manager and a Digital Content Writer. We learnt about all aspects of the production and live streaming of a Grand Prix. Throughout the day, the year group toured around the MTC, looking behind the scenes of the race broadcast including the commentary booths and the production studio.

Activities included: labelling the real life formula one car, collaborating on ideas for F1 social media, discovering the difference between soft and hard skills and uncovering our own hard and soft skills. We thoroughly enjoyed this incredible experience and came away with a notepad and a F1 water bottle as well.

Thank you to the people who made the trip possible.

Georgie T, Year 8

Looking at one of the streaming booths for commentators, including David Coulthard during Grand Prix

Year 8

Camping

What better way to enjoy last week's glorious sunshine than a couple of nights under canvas! Last Wednesday, Year 8 pupils headed south to Blacklands Farm.

First challenge: how to work together to put up a tent.

Second challenge: no, you can't fit four growing lads in a two-man tent.

Third challenge: how many hot dogs can one person eat?

It was the longest day of the year, and we spent the evening exploring the surrounding woodland and countryside, gathering sticks for a campfire and enjoying toasted marshmallows. Falling asleep on the first night is never easy, but waking up was a doddle! Oaklee and Rufus set off across the field, towels in hand, for their morning shower bright and early... at 4.30am! They were quite surprised to be sent back to bed again!

After a hearty breakfast, everyone put on a harness and took on the challenges of Jacob's Ladder and the Gladiator Wall. Oscar was rendered helpless with laughter halfway up the ladder, whilst Uma barely drew breath as she scampered to the top.

A surprise hit was our craft activity. Mrs Bilbrough had brought some embroidery threads, thinking that some of our quieter pupils might enjoy making friendship bracelets. However, every single Year 8 pupil was soon thoroughly absorbed in weaving coloured threads into bracelets, enjoying the shade of magnificent oak trees, and rendered almost silent in concentration. It became an obsession, and the most tranquil I have ever seen them! It also drew out delightful conversations, opportunities to support each other and peaceful enjoyment of each others' company.

Despite feeling hot and tired, site staff led some highly competitive evening wide games before children begged to be allowed to go to bed. The second night in a tent is certainly more restful, which was useful as we needed plenty of energy for taking down tents, packing up camp and enjoying a 7 mile hike back to East Grinstead through glorious countryside.

Huge thanks to Mrs Bilbrough for leading such a fantastic trip, ably supported by Mrs Philimore, Mrs Jones, Mr Lloyd and Mr Fagg.

Mrs Clark

YEAR 8

Camping

YEAR 8

Camping

Year 8

Perspectives Week

Are my views my own? What or who influences me? How do I make decisions about fashion, food, hobbies, lifestyle? Whose perspectives do I rely on?

These were questions facing Year 8 pupils at the beginning of Perspectives Week. And whilst most are convinced that they are beyond peer pressure and cultural influence, Year 8 took on the challenge of trying to influence others and control their decision making.

Using Prime energy drinks as a model, we explored the marketing strategies of this controversial product to see if we could influence the rest of the school and create a marketing mania. Mrs Whitehead, Hazelwood's own Director of Marketing, gave a presentation sharing her experience and insight into creating a desirable brand and an effective campaign, whilst Mrs Fuller gave useful tips on packaging design. By the end of Day 1, Year 8 were split into three brownie-baking teams, each out to convince the rest of the school that their product was the most desirable, most delicious and most deserving of their support.

The race was on! Logos, slogans, use of colour, influencers, nets for packaging, poster designs, video adverts, in-person presentations, branded stickers, word of mouth pressure and the very persuasive scent of chewy chocolate brownies all combined to work their magic. The school was flooded with marketing methods, all with a healthy sense of rivalry. It was fascinating to note that by the end of Tuesday, many younger pupils had a very clear idea of the brownie they would choose - and why. And the brownies themselves were barely out of the oven!

On Wednesday, each group set up a presentation stall in a location of their choice, with bespoke tablecloths, balloons and posters using their colour themes. Brownies were sliced, packaged and ready to serve to their market audience. At 10.25 sharp, to the sound of bongo beats and catchy chants, excitable queues formed with pupils buzzing for their own taste of Brownie Boosters, Brownie Bites or Bicep Brownies. It was clear that Year 8 had successfully manipulated the views of the school into believing in the power of these brownies, and leaving many disappointed when one brand ran out. (The difference in the three recipes was negligible.) Mrs Philimore's team of market analysts surveyed younger pupils to find out about their decision making. Packaging had a strong influence on their choices, as did poster design. Location of stalls also had an impact, with the Baily Terrace proving a popular spot.

Beyond the project itself, the teamwork and collaboration skills of our eldest pupils proved impressive. They identified the need for a cross-section of characters and skill sets within their groups, and worked together in an extremely tight timeframe. The end product - a delicious brownie breaktime snack - was well baked, hygienically packaged and thoroughly enjoyed by the entire school, who were blissfully ignorant of the fact that they were guinea pigs in a social experiment.

So, are our views our own? We're not so sure! Year 8 swayed the school in only two and a half days!

Mrs Clark

OTHER NEWS

Hazelwood U11 boys competed in over 6 hours of pouring rain in the largest tournament in their league to become U11 Champions at Tonbridge Fiesta.

They showed an incredible amount of grit, determination and team spirit throughout all of their 10 games. The smiles on their faces say it all!

Callum P, Raif and Noah all participated with dads in the Oxted pram race last weekend and the children won best costumes!

LIBRARY

Remember if you are going abroad by plane or traveling by car you can borrow eBooks by heading to the school's library management system. House points will be given to anyone borrowing a book online too!

Overdue Books

Please remember that to avoid the £3 overdue library book fee all Library books need to be returned or renewed. For those pupils leaving in years 6 and 8 please make sure all your books are handed back into the library by **Monday 3rd July**. For all other pupils please make sure that your books are stamped with the GREEN date stamp dated 8th September 2023 before you take off for the summer holidays.

Please remember you can check the library management system Accessit (<https://uk.accessit.online/hzl02>) to see what books your child/children have out. All books taken out from Monday 19th June will have a green stamp and therefore will be fine until we return back to school from the Summer holidays.

Summer Reading Challenges

We have two reading challenges over the Summer and the forms are attached to this email. I have been explaining the challenges to the pupils and there is some excitement there to complete the Readopoly so please do encourage them to take part. It's a bit of fun as well as keeping that very important reading skill going. There are recommended reading lists on the Library Management system where one can check what books are suitable for the year that you child/children are going into and of course you can access our online library and take books out to be read on an iPad or computer whilst on holiday rather than taking a suitcase of books! All books read will count whichever way one reads them if they are recorded. House points and prizes are on offer for those who take part in the challenges.

Author Visit

On Monday 26th June we welcomed Sarah Hagger-Holt to Hazelwood School to talk to the year 7 & 8 about her three books 'Nothing Ever Happens Here', 'Proud of Me' and 'Just Like Everyone Else.' She told the pupils about her love of being an author and how she writes stories along with her connection with Pride. The presentation included a quiz and questions and answers session.

Hazelwood Parents' Association

HPA School Shop - Summer dates

As in previous years the shop will be open and operating from the Dining Room. We will be running 2 shopping days and an initial drop off day, details as follows.

Tuesday 11th July - 9am-11am - Uniform Drop off only.

All items you wish to receive monies for will need to be in a good clean condition and have a sales ticket completed and attached.

Depending on volunteer numbers, we may need you to empty bags and separate clothes into designated areas. (sports kit / school uniform)

Friday 28th July - 10am-12 noon - Shopping day

Wednesday 23rd August - 10am-12 noon - Shopping day

All items need to be clean (including football/rugby boots etc) and in good condition. We cannot accept grey trousers or blue shirts that are not from Schoolblazer unfortunately.

For these dates to go ahead we will need a large number of volunteers, so if you are able to come along and spare an hour, please email hazelwoodschoolshop@gmail.com with your availability. Volunteers will have the opportunity to prior purchase on sale days but not at drop off/set up.

Thank you for your interest in our new Showtime Musical Theatre Holiday Club at Churchill School, Rysted Lane, Westerham TN16 1EZ . You are free to share this information with other friends and parents, the holiday club is not exclusive to Showtime.

Each day we will cover different material using, Drama, Singing and Dance or any combination of the three. Our Holiday Club is a great confidence boost. Parents of the older group will be invited to a presentation at the end of the last session at 3.30. Our teachers are all experienced professionals, and DBS enhanced, they work at our other venues and are looking forward to working with your children.

It's easy to book via the website, type www.showtime.london, go to the store where you can book and pay, it will ask for a few contact details for our register.

If your child has enjoyed the week and would like to do more, we run on Sundays at Oxted School, and on Saturdays at Weald of Kent Sevenoaks. Let Melinda know if you want a free trial at hello@showtime.london. Showtime prices are £8.33 per hour.

Contact Melinda if you have any questions about any of the above, thank you for your keen interest, we look forward to meeting you in August.

UK's #1 CODING AND ROBOTICS CAMP

CATERHAM, SUMMER HOLIDAY DROP-OFF CAMP

ROBLOX CODING (11+)

31st July - 1st August 2023

Learn to code using your favourite gaming platform and develop fun Roblox games.

This camp is a great introduction to fundamental programming concepts and the Lua programming language.

By the end of the course, the students will be comfortable programming and creating Roblox games and will have published at least one game on Roblox, which could end up helping them make lots of Robux!

PYTHON CODING (11+)

2nd August - 4th August 2023

This course is designed for secondary-aged students who are looking to learn to code using a proper "grown-up" programming language.

Learn to code in Python and develop fun games. Python is particularly suitable for this age group because it is concise and easy to read and has multiple applications in the real world (web development, app development and other scientific uses such as data science).

Why book with Code Kids?

- 8:1 student: teacher ratio
- State-of-the-art facilities
- Highly experienced UK-based tutors
- All tutors have enhanced DBS certificates
- Lots of fun learning opportunities

Age 11+
No prior coding experience is necessary.

Time: 10.00AM – 3.00PM
